"Conner Park" Was the Official Name Given to the New Canyon Municipal Park When It Was Dedicated Sunday

Mayor Hosea Foster spoke to a large group of friends and neighbors Sunday afternoon from the top of the Conner Park bath house. He is shown in the first panel; Displaying the official name of the park is President of the Chamber of Commerce Truitt Hull and City Commissioner Paul Lindsey. This sign will hang at the north entrance of the Park; third panel shows part of the crowd and the swimming pool; last panel shows City Commissioner Bob Bellah handing Mrs. W. E. Miller a $50 Saving Bond for having submitted the name, Conner Park, which was accepted by the committee.

WW II Plaque Is Received; Will Be Erected Soon

The plaque for the World War II dead of Randall County, which is to be dedicated soon, was received Thursday by Jack Jennings. It is a fitting memorial to those who gave their lives in the defense of our country during the conflict of World War II. Those who have seen the plaque have been amazed at its great weight and its impressive appearance.

Exact date of dedicating the plaque is not known at this time because the mounting for it must be constructed. This is to be done as soon as possible. Jennings also said it was believed that there would be enough money to build a concrete walk about the plaque and also put out some shrubbery. All of the money that was donated to the fund is to be used in making the plaque and its site more attractive.

The plaque is to be mounted in the northeast corner of the park. This site was selected because it is the section of the park that is expected to have the most traffic around it. In this spot the plaque will be seen by more people than it would at any other spot in the park. There is an inscription on the plaque that will leave a lasting impression on all who see it.

Kieselbach Heads Group at Penn State

Dr. A. G. Kieselbach, associate professor of art at West Texas State College, will be chairman of a conference on art education slated July 22-23 at Pennsylvania State University.

The meeting is sponsored by the graduate club in art education at Penn State, and Dr. Kieselbach is current president of the group. He earned his doctorate in January from Penn State.

Dr. Kieselbach will participate on a panel on research in art education, along with Dr. Vicktor Lowenfeld, head of the art education department at Penn State; Victor D'Amico, head of art education at the Museum of Modern Art, New York City; and Dr. Melvin Tumin, professor of sociology, Princeton University.

MARRIAGE LICENSES

Marvin Louis Albers to Miss Elizabeth Ann Miller, July 8.

Johnny Joe Long to Miss Norma Ann Berry, July 8.

Mr. and Mrs. A. F. Bennett accompanied his sister, Mrs. Strickland, to Albuquerque, N. M., last week-end to visit with her children there; also going with them was Miss Doris Metcalf of Panhandle and returning Sunday afternoon.

Mrs. George W. Cox was visiting the past week with her sisters in Hollis, Okla.

First Five Classes of WT Hold Reunion

The first gathering of students of the old "Normal" college days was attended by nearly 200 persons from over the nation Saturday at West Texas State.

Invitations had been extended to all who were students here upon opening of the college in 1910 through 1915 when the shacks were in existence. The shacks followed the fire of 1914 when the first administration building went up in smoke, and an effort was made by a number of neighboring towns to secure the location of the college from Canyon.

Eleven of the 32 members of the first class were present. The toll of death and the ravages of time had been heavy on the ranks of this first class. But they came from all parts of the nation.

Mamie Conner Bradford of Pasadena, Calif., traveled the longest distance to join her classmates in this occasion.

Milton Morris, executive secretary of the exes, called the meeting to order at 10 o'clock following the period of coffee time and registration, during which there was the usual period of renewing acquaintanceship.

Ed McLaughlin led the group in the series of songs which were sung in 1910-1911, and which are still good.

Mrs. S. B. Whittenburg (Frances Grimes) welcomed the group to the campus in the name of the Ex-Student Association.

Dr. James P. Cornette told of the improvements which had been placed on the campus and the work that is contemplated in the near future. He called attention to the wonderful strides which had been made since the first graduating class was enrolled. "When you became students here there was not a single accredited high school in the Panhandle. Much of the work had to be done on the high school basis."

When Dr. J. A. Hill, president emeritus arrived in the Hall, every person stood at attention in respect and reverence to the man who had served the college for such

H. R. Fulton Is Guest Artist at Florists Meeting

Mr. and Mrs. H. R. Fulton, Jr., recently returned from a trip to Tulsa, Okla., where H. R. was a featured design artist for the Oklahoma State Florists Association Convention.

H. R. was selected by the Oklahoma State Florists Association to be one of three out-of-state designers for their 1955 convention School of Design. Mrs. Fulton assisted him in his designing work.

The School of Design is a regular feature of the floral convention with guest artists appearing before a large audience of the assembled florists, for the purpose of instruction, exchange of ideas, and for the general betterment of the florists' industry.

There were three school sessions. The first emphasized funeral and basket work; the second, novelty and hospital arrangements; and the third, wedding work. Mr. Fulton designed each day.

Lions Club Gets $600 Equipment

The ward school playgrounds profited approximately $600 because of the interest taken by local citizens in the carnival staged by the Lions Club on the east side of the court house Friday and Saturday afternoons.

An air of festivity prevailed in Canyon throughout the time that the carnival was staged.

A great time was had by the Lions and citizens of Canyon who participated in the fun and frolic of the occasion.

Group Left For Trip to Europe

A group of Canyon and Amarillo citizens boarded the Santa Fe Chief in Amarillo Monday night for a two months tour of Europe. The group will sail from Montreal, Canada, following sight-seeing trips in Chicago; Niagara Falls; Quebec; arriving in London the 25th.

The trip is made under the direction of Dr. and Mrs. A. K. Knott. In the party were the Knotts, Dr. and Mrs. L. F. Sheffy, Mrs. Clay Cooper, Mrs. Ben Loudder, Mrs. Clyde Warwick, Mary Patricia Haley, of Canyon; Mr. and Mrs. Mack Noble, Mrs. J. O. Guleke, Mrs. Frank Storm of Amarillo. Miss Wilida Neely will join the party before it sails.

Miss Kuehler Alternate For Scholarship

ALBY ANN KUEHLER

Each year the Texas Farm Bureau recognizes an outstanding 4-H boy and girl by presenting to them a $250 college scholarship. The 1955 winners are James Keilers of Fayette County and Ruth Haswell of Dallas County.

Alby Ann Kuehler of Randall County is alternate for Miss Haswell in event she should forfeit the scholarship.

Miss Kuehler is a graduate of Canyon High School and plans to enter West Texas State in the fall.

Miss Kuehler is a member of the Texas 4-H Council and is in Stephenville this week attending a workshop. The specific purpose of this meeting is to develop plans for a more effective 4-H program with all members of the 4-H Club team working together.

Mrs. Tommie Thompson and son arrived Tuesday for a visit in the homes of her mother, Mrs. Earline Moreman, and father-in-law and mother-in-law, Mr. and Mrs. C. L. Thompson. Tommie Thompson will arrive in about three weeks from his work with the Bell Telephone Company for a vacation trip.

Jo Rene Collins of Vernon and Elizabeth Bagot of Amarillo spent last week with their grandmother, Mrs. T. W. Collins. On Sunday Mr. and Mrs. Joe Collins of Vernon drove over to spend the day with his mother and return Jo Rene to her home.

Mr. and Mrs. R. M. Applewhite of Refugio spent last week in the A. B. Russell home. Mr. Applewhite is a nephew of Mr. Russell.

Citizens Lineup At Court Meet

There was a big lineup of citizens Tuesday when the Commissioners Court sat as a board of equalization. Protests were heard against the increase in the tax rate and revaluation of property undertaken by the court.

A second meeting of the court will be held Thursday when another group of citizens will be heard.

Funeral Services Mrs. Glenn Held Friday Afternoon

Funeral services for Mrs. Martha Elizabeth Glenn were held Friday afternoon at 2:30 o'clock at the Baptist Church. Mrs. Glenn died at 10:15 p. m. Wednesday in the Neblett Hospital where she had been a patient for a few days.

Rev. Strauss Atkinson, pastor of the Baptist Church, officiated, being assisted by Rev. Leonard Fields of Mobeetie and Rev. E. M. Dunsworth of Borger.

Mrs. Glenn was born May 4, 1871, in Bexar County, Texas. For the past four years she had been living in Lamesa, having moved there from Canyon. She was a member of the Baptist Church and a former member of the Order of Eastern Star.

She was the widow of R. D. Glenn who preceded her in death in 1937.

Survivors include three daughters, Mrs. J. E. Neeley, Sr., Lamesa; Mrs. V. F. Hucker, Bellflower, Calif.; and Mrs. Bob Chambers, Amarillo; eight sons, Dexter, Amarillo; A. R., Canyon; A. B., Hereford; Roy, Phoenix, Ariz.; William M., Long Beach, Calif.; and Austin, Oliver and Randolph Glenn, all of Muleshoe; 48 grandchildren; 38 great-grandchildren; one great-great-grandchild; three sisters, Mrs. Mary Flagerbell, Muleshoe; Mrs. J. L. Henderson, San Francisco; and Mrs. Laura Clark, Carlton, Texas.

AO 1st Class Hal Harrison, his wife and two children are visiting in the homes of their mother, Mrs. Ollie Harrison and Mrs. Mary Sligart.

The Amity Club will meet Friday, July 15, in the home of Mrs. J. C. Dowd.

New Crown "Trouble Free Zippers." See them at Dan's Store. 14t1

Conner Park Opened Dedication Sunday

The new municipal playground was officially named "Conner Park" Sunday afternoon when the Park was formally dedicated.

Mayor Hosea Foster thanked the many persons who have so faithfully worked for the completion of the park by any means, but the swimming pool will be opened next Saturday to those who wish to swim.

Students from the Canyon high school and from West Texas State put on an exhibition of diving following the program Sunday afternoon.

Truett Hull, chamber of commerce president, was in charge of the program and introduced a daughter of the late Mr. and Mrs. L. G. Conner, founder of Canyon, in whose memory the park is officially named.

She was Mrs. Mamie Conner Bradford, first white child born in Randall county and first to enroll and first to graduate from West Texas State. Mrs. Bradford was in Canyon to attend the reunion of old timers of the college, which was held Saturday. Mrs. Bradford was accompanied by her cousin, Vera Younger, who is now Mrs. Clark Miller of Mesa, Ariz. She was the daughter of J. B. Younger, brother of Mrs. Conner.

"I wish to thank the friends of Canyon and of my father for remembering him in this way," Mrs. Bradford said. "As I look at this pool, I think of how my father chose the site for this town of Canyon—between two creeks so that there would be green fields and beautiful growth. I think of how he taught us to love nature, and I hope that each one who comes to visit this park will feel joy and happiness."

Hull introduced Canyon's city secretary, Dudley Bayne, and paid tribute to Bayne as the man who "is probably most responsible for the pool's being here as it is today." He explained that the city

J. L. Duflot Here Packing to Move

J. L. Duflot arrived Friday from Galveston where he underwent a serious operation for cancer of the stomach a few weeks ago.

He has sold his home to Mrs. Ola Murphy, who moved here recently from Dimmitt. He is packing his household goods to move to either Wichita Falls, or to Big Spring where he will live in the home of his daughter, Mrs. Bill Daws. Mr. Daws has been transferred by Southwestern Life from Big Spring to Wichita Falls where the family will move as soon as he secures a home.

Mr. Duflot states that the physicians removed most of his stomach but that he is progressing nicely toward recovery.

Dr. G. E. Kiser To Replace Dr. Lee Johnson

DR. G. E. KISER

G. E. Kiser, professor of industrial management at the University of Texas, has been appointed professor and chairman of the Administration at West Texas State School of Business and Public College, President James P. Cornette has announced. Kiser assumes duties here Tuesday with the opening of the second term of the summer session.

Replacing Dr. Lee L. Johnson, who is retiring after 32 years association with WT, Kiser will receive his Ph.D. degree in August from the University of Texas. He attended Howard College in Birmingham, Ala., before entering the Air Force in 1940. Kiser received his B.A. degree in economics at Stanford University in 1947 and his M.B.A. degree in industrial management in 1948 at the University of Texas.

After receiving his M.B.A. degree in 1948, Kiser was assistant traffic manager for the Crown Central Petroleum Corporation in Houston for two years. In 1950, he became personnel supervisor and supervisor of confidential records at the E. I. du Pont de Nemours plant at Victoria, Texas, and at the Savannah River Plant (Hydrogen Bomb Plant) in South

EPISCOPAL SERVICES

Services will be held each Sunday morning at 9 a. m. in the All Saints Episcopal Church of Canyon with Rev. Lester Jones officiating.

Pioneer Classes of 1910-15 of West Texas State Get Together in First Annual Reunion

First Picture: Grace Winkelman Warwick greets Mamie Conner Bradford and Vera Younger Miller; 2nd group, A small section of the Pioneers in the Student ballroom of the Union Building; 3rd group, registration period as the first five classes gathered Saturday; 4th group, Coffee time before the program started; likewise the three interested women in the last panel as they listen to the talk of other Pioneers of the college.

EDITORIAL COMMENTS

A Few Observations As The Days Roll By . . .

This is a changing world.

The things which were true a few months or few years ago are no longer true.

We hear that a popular broadcasting system lost a whale of a pile of money last year because of television.

On the other hand, television has not been such a crying success because of the huge cost. Colored television is on its way. Its cost alone holds it back.

A few months ago the person who advocated and thought that radio was the whole cheese now admits that it is rapidly becoming a local affair and costs have tumbled.

The world does move! We shall soon see what we shall see.

An editor and three proof-readers were reportedly jailed in a Russian satellite country recently because of a slip-up on the job. The slip-up caused great embarrassment in East Germany where the newspaper involved in the incident is located.

The mistake was a simple one. Instead of announcing that so many thousand people had signed a petition for the prevention of atomic war the Communist paper announced that so many thousand Communists had signed a petition for the preparation of atomic war.

While this was probably more accurate, Communist bosses took a dim view of the mistake, and instead of a reprimand, the editor and three proof-readers were reportedly jailed. Only in Communist countries is accuracy punishable by jail sentences. The Communist ---- or the Russians ---- admittedly have a first here, another Russian invention.

There are a lot of religions and religious beliefs and it is somewhat presumptuous for anyone to think he alone, or his faith alone, has all the answers.

In the boxing world there is, currently, a chance for another million dollar gate. We believe a Marciano-Moore heavyweight title will come close to it.

Movie producers continue to make big money in spite of the fact that theatre owners in many cities are taking it on the chin, and in spite of the movies they often make.

Unless you have air-conditioning in your home and office you are indeed a back number.

Air-conditioning has been introduced into cars, and the factory will soon look upon this as standard equipment.

All of which takes water, a lot of water. We do not have water in this country to fool around with. Perhaps we shall discover a way to supplement the small amount of water which we have.

Will he run again?

President Eisenhower alone can answer the question.

He had a great time teasing the Democrats and Republicans in the Northeast the past week, implying one day that he would run; and making a denial next day that he meant what he said.

In the meanwhile, listen to this: Princeton University has made a survey which shows that if the election was held today, there would be a total of 52.5% of the voters favorable to the Democrats, and only 47.5% favorable to the Republicans.

This looks like Eisenhower is doomed for defeat in 1956 if he attempts another try.

Yet, who knows? Perhaps the President can get hold of the situation if the race is between him and Stevenson.

Khrishna Menon is worst than a Communist. He is not supposed to be one yet he supports practically everything the Communists say.

Peron, who was almost caught in a bind recently, has apparently wiggled free, fox that he is. Reports on his downfall, therefore, are premature.

Do you have a little drip in your home? It's costing you money ---- perhaps more than you think. In a day, the steadily dripping faucet can waste almost as much water as one member of the family will use during that day.

Saving water is mainly a matter of thinking about the subject whenever you turn on a faucet. Here are some suggestions on ways to save:

Showers usually require 25 gallons of water ---- baths, 36. Reduce these figures by turning off the shower while soaping and turning it on again to rinse and save 15 gallons. Substitute a partly filled tub for a full one and save 16 gallons.

Washing dishes under running water can use up to 30 gallons per meal. You can save by using a dishpan or sinkstopper.

Letting the water run all the time you are brushing your teeth is wasteful.

Use the hot-water faucet when shaving and save up to 25 gallons of water.

It is usually best to keep your water heater on an even setting.

If you want to know whether you're using the average amount of water, read your meter at the beginning and end of a representative period and calculate your consumption per person per day. If its 25 to 35 gallons, that's pretty good. Fifty is about average. Anything above that is too high for household use.

Your appliance dealer or plumber can give you facts, not fiction.

More and more people are investing a part of their savings in shares of industry. This is all to the good as a principle. But everyone, whether he plans to put large sums or small in stocks, should follow one basic rule: Investigate before you invest.

Sylvia Porter, the syndicated financial analyst, recently wrote: "Among the worst of the financial abuses existing today are the fraudulent promotions of Canadian oil and uranium stocks. The idea of making a 'killing' in this type of stock has tremendous pull in this era . . . Of course, there are lots of sound Canadian stocks . . . But there are lots of crooks operating, too. Frequently, these form companies which have little more than a mailing address behind them. They print stock certificates, turn out lurid sales literature ---- and then the rackets begin . . . An informed estimate is Americans have been defrauded out of $3,500,000,000 by these swindlers just in the last decade ---- and the belief is the rackets are now flourishing more than ever."

Other authorities have had their say about such swindlers. Former New York State Attorney General Goldstein called them "plain crooks." The president of the New York Stock Exchange described them as "rat-hole salesmen." "Appalling" and "gruesome" were the adjectives applied by a spokesman for a leading American brokerage firm.

The stock exchanges, the state corporation commissioners, the Securities and Exchange Commission, the established brokerage houses ---- these and others worked hard to protect investors from fraud and deception. But the real solution lies with the investor himself. Investigate before you invest.

This is the time of the year when people take vacations, in case you've forgotten. Some of them come back alive, too.

As far as we have been able to learn, no great development for mankind has been uncovered at the card table.

We get more for our food dollar than we did 30 years ago. That important fact is stressed in an exhibit prepared by the Department of Agriculture, which will go from coast to coast on loan to the state agricultural colleges. The exhibit dramatically emphasizes the changes that have taken place in food marketing by showing an old-time cracker barrel along with a supermarket cart filled with modern packaged foods.

"For too many years," Secretary of Agriculture Benson pointed out in opening the exhibit, "consumers have been bombarded with propaganda about the high cost of food. Our diets are much better than they were 30 years ago. The quality of foods is higher. We have a vastly wider selection. And our foods are available in convenient forms ---- ready-mixed, ready-dressed and ready to serve . . . In fact, in some of our foods we have 'built-in' maid service."

The Secretary then said that one hour of labor today will buy almost twice as many loaves of bread, twice as many quarts of milk, and twice as many pounds of steak or chicken as it did 30 years ago. He added that this story of "phenomenal service to consumers" is well worth telling the country over.

This is a fine testimonial to American food producers and to the people and organizations which process and sell us our foods----all the way from the smallest independent to the biggest chain. And it is further proof of the fact that, in every line of endeavor, the free market system gives more people more and more of the good things of life.

Some people are bitten dangerously by dogs.

Some don't.

Some people make light of a dog bite.

Some people don't mind a dog nipping them a little bit.

Some mind it a whole lot.

People are that way about dogs.

Fact is that no one has a right to permit his dog to abuse other people and especially children.

Dogs that do it habitually should be done away with or put where they will not abuse people.

We wouldn't go so far as to say that people who permit their dogs to abuse children should be done away with, but they shouldn't do it.

The golden rule is applicable to dogs, insofar as their control by owners is concerned.

Dogs are wonderful, unless they become a nuisance. Which they can be.

We swiped the following editorial:

Some people like dogs.

Some don't.

Some people let their dogs run loose and abuse neighbors.

Some don't.

Some dogs are vicious.

Some aren't.

Some dogs are pesky and wouldn't gnaw on a person but take delight in nipping any and all.

Some aren't and don't.

Some people make excuses for their dogs when others are bitten by them.

Some don't.

Some care a lot.

Some don't.

Going to church is a good habit to have along with your bad ones.

As far as we can see, the bathing beauties this year are the best yet.

There is nothing so disgusting as a dumb liar.

Really loaded with great new developments

Only new Chevrolet Task-Force trucks bring you all these truly modern features. If you don't get them in the truck you buy, you're getting an old fashioned truck.

CHEVROLET NEW CHEVROLET Task-Force TRUCKS

NEW CAMEO CARRIER MODEL
New parallel-design frames
New deep-drop I-beam front axle (Forward Control)

Front of Nation Latest Rumors From Political

Top-ranking generals and admirals are beginning to be worried by the ease with which President Eisenhower is able to focus the public mind on quiet and contentment, shifting it away from worry and irritation. Military men fear that tendency may be to let down the country's guard in a world that's still dangerous.

Mr. Eisenhower is now getting a rating of "excellent" by practical politicians on his ability to practice their art. It appears to politicians of both parties that the President has a knack for striking a responsive chord among many voters.

Lyndon Johnson, Texas Senator and Senate Majority Leader, was somewhat jolted when Ike attacked the Democratic record in the present Congress. Senator Johnson thought he had been co-operating with the President on a good many issues usually considered partisan.

Some top Republicans say they sense a Democratic strategy for 1956 that accepts the idea of a second term for Mr. Eisenhower, with emphasis placed upon election of another Congress under Democratic control. Then, if Republicans are right, the Democrats would go to work on Ike in his second term with the objective of winning the Presidency in 1960.

Justice William O. Douglas of the U. S. Supreme Court, at age 56, is showing a continued interest in politics. Justice Douglas, jumping into the middle of the political controversy over U. S. recognition of Red China—with interviews favoring recognition—has been mentioned in the past as a potential Democratic nominee for the Presidency.

President Eisenhower is becoming concerned by the increase in the number of younger men who have entered Government in jobs just below the top layer and who now are leaving Government service, somewhat disillusioned. Men who enter Government service from private life find many frustrations that seem to generate an urge to leave public office.

Charles Wilson, Secretary of Defense—required to sell his stock in General Motors as the price of Government service—has seen it just about double since the time that he sold. Mr. Wilson's paper assets, as a result, are far lower than they would have been had he stayed in private life.

Robert Stevens, resigning as Secretary of the Army, will return to his family textile business and will be free to repurchase shares sold after entering Government service. Textile-share prices have have not risen so sharply in the period since 1952; but, like other businessmen required to sell stock, Mr. Stevens was forced at the time to pay a tax of 25 per cent on gains from shares that long had been in his possession.

George Humphrey, Secretary of the Treasury, at the start of another accounting year for the Government, still holds to his ambition of achieving a balance in the Government's budget. In Mr. Eisenhower's first term, there is only one more chance to get outgo into line with income, and Secretary Humphrey figures that he can make it on that last try.

Ezra Benson, Secretary of Agriculture, was somewhat surprised at the degree of farmer approval of Government control over their business in exchange for support by Government of farm prices. More than three fourths of the wheat growers who voted preferred regimentation and an assured price to no regimentation and probability of a lower price. Farmers are not yet ready to risk a free market.

John Foster Dulles, Secretary of State, is becoming concerned by growing evidence that, while Communists in Southeast Asia are talking peace, they are actively building military cadres in so-called "neutral" areas, with the help of arms from the Soviet Union and Communist China. Communists have no intention of removing their pressure.

Harold Stassen, who's making plans for disarmament, apparently has frightened the British with some of his ideas. British now are concerned lest this country go too far toward meeting Soviet Union ideas.

Ike himself has insisted upon a policy of leaning over backward to avoid a belligerent response to attacks by Communist planes upon American planes. The President feels it highly important to convince the world that the United States will go out of its way to assure peace.

Mr. Eisenhower is being advised by some of his aides that the sudden intense Communist interest in coexistence is directly related to the fact that the Communist empire—as now set up—cannot feed itself. Lacking enough food, it can hardly afford to get involved in a war. Russia's Nikita Khrushchev, along with his Bolshevik aides, is heading into deep trouble unless the outside world again comes to his aid.

JUST MISSED ICEBOX DEATH

Hattiesburg, Miss. — Had it not been for the screams of 17-month-old Lloyd Odom, Jr., his 4-year-old brother, Jimmy, would probably have died inside an old refrigerator abandoned in the backyard of their home. Mrs. Odom, hearing Lloyd's screams, ran outside, noticed the door on the old refrigerator was closed. She jerked it open and found Jimmy soaked with perspiration, his eyes bulging. A few minutes more inside the icebox might have resulted in a different story.

WIND WRECKS 30 PLANES

Phoenix, Ariz. — A 70-mile-an-hour wind sent 30 light planes cartwheeling across the rain-swept Sky Harbor Airport recently. The freakish thunder storm hit the hangar area only — half a mile away at the control tower the wind was only 32 miles an hour. Sixteen of the planes were a total loss. Estimates of the damage totaled $150,000.

Giving does not impoverish us in the service of our Maker, neither does withholding enrich us.

YES—BUT—

She (gushingly) — Will you love me when I'm older?

He — Love you? I shall idolize you. I shall worship the ground under your little feet. I shall—um—er—You are not going to look like your mother, are you?

SEASONAL

"I see the paper called her 'the gifted bride'."

"No wonder. She got 8 toasters, 9 perculators and 11 nut pick sets."

THREE LITTLE WORDS

"What does the bride think when she walks into the church?"

"Aisle, Altar, Hymn."

THE STATE OF TEXAS

TO: OTIS L. TAYLOR, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 8th day of August A.D. 1955, to Plaintiff's Petition filed in said Court, on the 25th day of June A.D. 1955, in this cause numbered 2959 on the docket of said court and styled Muriel Faye Taylor, Plaintiff, vs. Otis L. Taylor, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: suit for divorce as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 25th day of June A.D. 1955.

Attest: MAVIS HILL, Clerk, District Court, Randall County, Texas.

HE SNORED

First Traveler — You woke me out of a sound sleep.

Second Traveler — I had to. The sound was too loud.

MEANEST TEACHER

Willie: "My history teacher is the meanest man I know."

Father: "How's that?"

Willie: "He borrows my penknife to sharpen his pencil to give me bad marks."

ONE THAT HE MISSED

"Has your husband any hobbies?" asked the neighbor.

"No," said Mrs. Tuggle, "he has rheumatiz a good deal, and hives now and then but he ain't never had no hobbies."

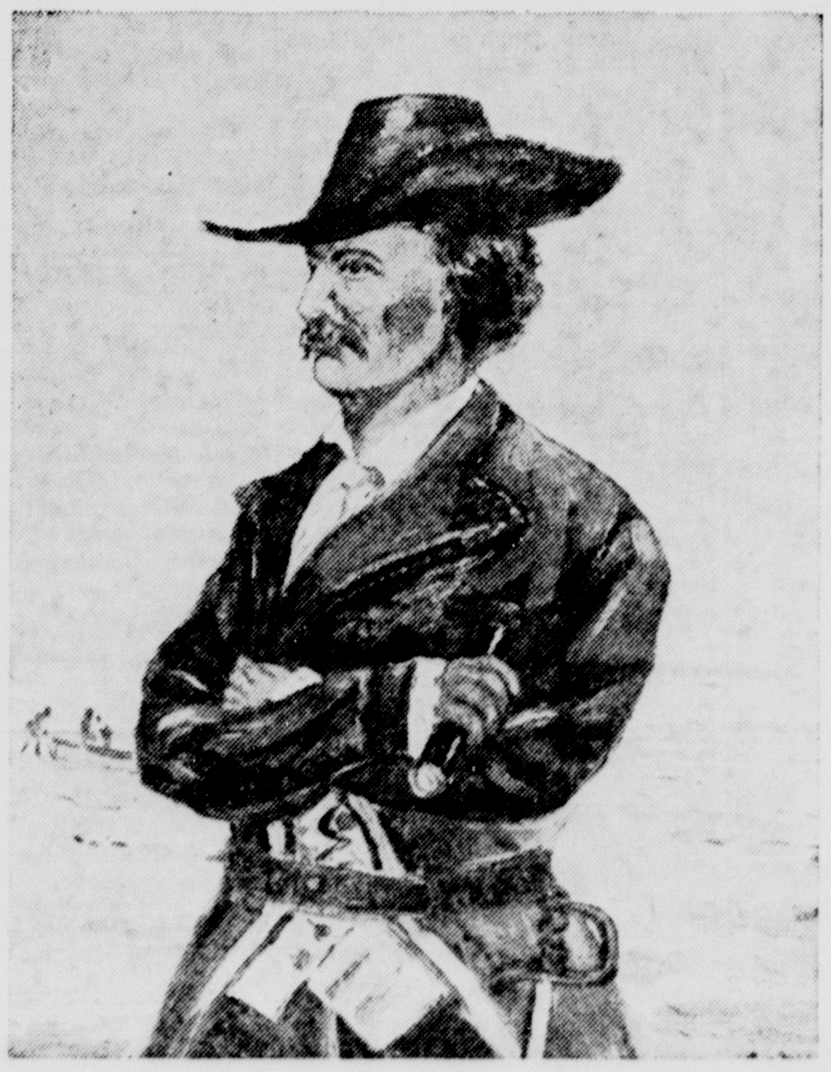
INTERESTING FACTS ABOUT TEXAS



BUCCANEER LAFITTE

LaFitte was the South's most famous pirate — a glamorous and romantic figure. Born in Bordeaux, France, of a well-to-do family, Jean LaFitte ran away to sea before he was seventeen. The U. S. Government forced him from his first kingdom on the island of Barrataria in the Mississippi Delta, and in 1817 he and his men landed on the Island of Galveston and took it for their own. Jean LaFitte stayed on, ravaging the Spanish ships of their golden cargo until 1821. It was after his men had captured and burned a United States Merchant Marine that he was evicted from Galveston forever. Men still dig for his buried treasure along the southern coast.

We take great pride in welcoming Small Enterprises to our community, and this bank considers it a privilege to welcome them as customers.
They have become associated with us because they want to grow with a bank that is growing — one that is small enough to give them undivided attention in personal and business matters — one that is large enough to meet their credit needs.
If you intend starting a business, regardless of how small it may be, you will find a most cordial welcome at our bank.
WE SALUTE OUR STATE!

Engagement Is Announced

Mr. and Mrs. Newton Richardson, 1102 Eighth Avenue, Canyon, are announcing the engagement and approaching marriage of their daughter, Luellen, to Boyd White, son of Mr. and Mrs. J. E. White of Wichita Falls. The wedding is to take place August 20th in the Joseph A. Hill Chapel on the campus of West Texas State.

Herschel Coffee Discussed Rotary At Weekly Lunch

"What is Rotary, and what makes it such a vital factor" was discussed by Past District Governor Herschel Coffee Tuesday at the Canyon Rotary Club.

Mr. Coffee stated that fellowship was the key to the situation. He called attention to the fact that eight Rotary clubs were represented Tuesday in the lunch, and this is a vital factor so far as Canyon is concerned. When all Rotarians are good Rotarians the entire community is benefitted. While each club represents the feelings which exist in the local community, there is a closer bond of fellowship when citizens are convinced that this is the key to Rotary.

At the beginning of this year is the time to stop and take stock of what is going on in the community and how much Rotarians can assist in the service of the community.

Attendance is a vital force in any club. The world over most of the absences are caused by a half dozen members in each club.

Classification is vital to the life of the club. As we study to the needs of the community, the forces of the entire community may be enlisted in the work of the community.

Rotary International advises each club to carefully consider the needs of each community and members should be put to work on these projects.

Each club has a responsibility to abolish narrow politics among the people of the community and to seek to abolish strife and conflict in the community.

A resolution in honor of Rotary Ann Ola Hill was read and approved.

Rotarians present were: E. Kancher, Bob Denman, Forrest Barnes, Glenn Ritter, Guymon Sanders, Thurman Whitis, A. D. Cox, Horace Griggs, Bill Griggs, all of Amarillo; Hugh Brookout, Bert Prothero, both of Hereford; Herman Brown of Lubbock; V. G. Musselman of Quincy, Ill.; Herb Logan of Tulia; Bob Lindsey of Borger; Rev. Philip McGahey of San Angelo; Rev. Strauss Atkinson and J. L. Duflot of Canyon.

Mrs. Bonnie Mickle and Mr. and Mrs. Loyd Childers and boys returned Thursday from a month's vacation in the west. They visited Loyd's brother in Phoenix, Ariz.; Mrs. Mickle's sister in Pittsburg, Calif.; and with several other friends and relatives in California. In San Diego Loyd and Bill went deep-sea fishing with Elgin Johnson and brought back some nice fish. After stopping at numerous points of interest in ten western states, they spent a week fishing in Montana. Bob caught the first fish; Bill the two largest; Loyd the most. They brought some big ones home to back up their stories.

First Half Boys League Ends With Game Thursday

When Foster's meets Taylor-Evans on Thursday, July 14, the first half of the Boys Softball League play will be completed. The second game that evening will be between Cooper's and Sternenberg's and will mark the beginning of the second round of play.

Second half schedule:

Notice: New starting time, 7 p. m. SHARP! Curfew time, 1st game, 8:30; second game, 10 p. m.

July 14: Foster's vs. Taylor-Evans; Cooper's vs. Sternenberg's.

July 18: Bellah's vs. Foster's; Taylor-Evans vs. Sternenberg's.

July 21: Cooper's vs. Taylor-Evans; Taylor & Sons vs. Bellah's.

July 25: Sternenberg's vs. Foster's; Cooper's vs. Taylor & Sons.

July 28: Bellah's vs. Sternenberg's; Foster's vs. Taylor-Evans.

August 1: Cooper's vs. Foster's; Sternenberg's vs. Taylor & Sons.

August 4: Bellah's vs. Taylor-Evans; Taylor & Sons vs. Foster's.

August 8: Taylor & Sons vs. Taylor-Evans; Cooper's vs. Bellah's.

August 11: Make up any postponed games.

Official standings as of July 11:

Team	Won	Lost	Pct.
Taylor & Sons	5	0	1.000
Taylor-Evans	2	2	.500
Sternenberg's	3	2	.666
Foster's	2	2	.500
Bellah's	1	4	.250
Cooper's	1	4	.250

Taylor-Evans and Foster's each have one game postponed.

PLATEAU SINGING MEET

Plateau Singing Convention will meet in Amarillo, Friday and Saturday, July 16-17, at 500 McMasters. First session will last until 4 o'clock. Saturday night session begins at 7:30 and lasts until 10:30 and community women of Amarillo and Canyon will serve supper at Elwood Park. Singing all day Sunday. Everyone is invited.

WESTSIDE CLUB MEETS

Refreshments of cookies and pop were served to Mesdames E. W. Bourn, Lewis Harvey, Ray Metcalf, T. J. Myers, J. N. Seay, Doyle Bourn, Leroy West, George Lewis, Hildreth and the hostess.

HAPPY EQUALIZATION MEETS

The 1955 Board of Eualization for the Happy Independent School District will meet Friday, July 18, at 9 a. m. in the high school building.

Mr. and Mrs. Kenneth Black and children, Jennie and Ken, of Roswell, N. M., left Wednesday morning after having visited with his parents, Mr. and Mrs. Joe Black, for a week.

Mr. and Mrs. Bob Black with their children, Julia and Phil, of Dallas are visiting in the homes of their parents, Mr. and Mrs. Joe Black and Mr. and Mrs. F. D. C. Middleton.

Major Bill Cone is here on a short leave visiting in the home of his parents, Mr. and Mrs. Henry Cone.

Miss Gwendolyn Carter spent the week-end in Silverton with her cousin, Gerald Dee Garwin.

Bell Isle, a thousand-acre park, is located on the Detroit River.

Revised editions of the Holy Bible, leather binding, $10; cloth binding, $6; at Warwicks. tf

Educational Week Will Be Held At West Texas State July 18-22

A one-week work conference on "How to Involve the Total Community in Educational Planning" will be held July 18-22 at West Texas State College for school administrators and "interested laymen."

The conference sessions will be held daily from 9 a. m. until 12 noon in the Canyon High School cafeteria. Coordinator will be Dr. Emmitt Smith, professor of education at WT. Dr. Smith called the conference "a drive-in meeting," which allows school men to drive to Canyon during the morning "and return to their offices" in the afternoon.

Consultants and speakers will be Leeds Lacy, regional director of the National Citizens Commission for the Public Schools, Denver; and Paul Allen, superintendent of schools at Pauls Valley, Okla. The two will speak daily and conduct question and answer periods, following small group discussions.

Lacy has directed the regional office in Denver since 1951 and has conducted numerous conferences similar to that at WT. He formerly was vice-president of the Pal Bottling Company in New Jersey. The National Citizens Commission was begun in 1949 and seeks to encourage further citizen participation in behalf of public school improvement.

For the past seven years, Allen has been "pioneering" in a program to involve the community more directly in planning and directing public school education in Pauls Valley.

"The conference is open to school administrators and interested laymen, such as P-TA workers, school board members, and others interested in the public schools," Dr. Smith said.

While one hour of graduate credit may be earned at the conference, he said, the meeting is open for non-credit. The meeting opens at 9 a. m. on July 18 (Monday) with registration at the cafeteria. There is a $5 conference fee, and those registering for credit pay regular tuition. Materials from the National Citizens Commission for the Public Schools and the National School Boards Association will be available for study.

Group of Thirty Persons Will Leave on 25 Day Trip Directed by Measamer

Some 30 persons from the Panhandle area will leave Monday on a 25-day tour of the West Coast, sponsored by the geography department of West Texas State College.

The tour, by chartered bus, will cover ten states and Canada, with stops in most of the West's national forests and parks, and visits in major cities. Two stops enroute to California afford an opportunity to visit Old Mexico.

A few seats are still available for this summer's tour for non-college credit, and anyone desiring to go, should contact Dr. Murry B. Measamer, head of the geography department, before Monday. Dr. Measamer has conducted two previous summer tours to the West Coast in 1953 and to the East Coast in 1954.

First stop will be in El Paso, and points for stops the first week are Tucson, El Centro, San Diego, Los Angeles and Fresno. Second week will be spent at Yosemite National Park, San Francisco, the Redwood Highway, Garberville, Calif., and Eugene, Grant's Pass and Portland, Ore., Seattle and Spokane, Wash.

Points of Interest to be visited include Hollywood, Yosemite, San Francisco, Los Angeles, Crater Lake, Willomette Valley, Victoria, B. C., the Cascade Mountains, Grand Coulee Dam, Lake Louise in Alberta, Canada, the Yellowstone National Park and the Grand Tetons.

Planning to make the tour with Dr. and Mrs. Measamer are Janice Allman, Hale Center; Hila Begert, Canyon; Miss Cynthia Ann Baade, Lubbock; Mrs. N. A. Croson, Canyon; Mrs. Reed Davidson, Bertram; Mrs. Shirley Duckwall, Oklahoma City; Mrs. R. E. Foster, Canyon; Mrs. Lonie Garrison, Clovis; Mrs. W. M. Hall, Amarillo; Larry Hungate, Canyon; Miss Elizabeth Hunsucker, Dallas.

Mrs. C. H. Jarrett, Amarillo; Mrs. Louise Kidd, Plainview; Miss Mona Kitson, Cactus; Miss Millicent Lahm, Amarillo; Mrs. C. R. Leggett, Wellington; Mr. and Mrs. C. R. Patton, Higgins; Miss Flora Pletcher, Lubbock; Mrs. C. M. Pressley, Canyon; Mrs. C. B. Rogers, Perryton; Mrs. Elizabeth Schuhart, Dalhart; Miss Grace Stephenson, Oklahoma City; Miss Mary Slover, Matador; Mrs. T. J. Taylor, Bertram; Mrs. M. Terrill, Clayton, N. M.; Mrs. H. B. Thompson, Dalhart; and Mrs. R. E. Townsend, Spearman.

Graduate of WT Accepts Job Here

Olan J. Lehman, Amarillo, who earned his masters degree at West Texas State College in May, will return to WT this fall as instructor in government and economics, according to President James P. Cornette.

Lehman, son of Mr. and Mrs. A. J. Lehman, 2912 Arcadia Road, Amarillo, earned the B.B.A. degree in 1954 and the M.B.A. degree in 1955 from WT. A graduate of Amarillo High School, he holds the Associate of Science from Amarillo Junior College. He is attending the University of Michigan this summer for advanced study.

A member of Alpha Chi, national honor society, and Sigma Beta Mu, men's professional business fraternity, at WT, Lehman was a member of Phi Theta Kappa, honorary scholastic fraternity at Amarillo College. He was a graduate assistant in government, economics and sociology in 1955 at WT.

LEGAL LIQUOR

Consumption of legal liquor in this country will run between 188,000,000 and 190,000,000 gallons — a decline from 2.4 to 1.4 per cent from 1953's total of 194,633,000 gallons. This does not mean that Americans are drinking less, but that consumption of moonshine or unlicensed liquor is up. There are estimated that 68,000,000 gallons of illegal liquor was produced during 1954 and presumably found a market.

DOG GUARDS HURT MASTER

Covington, Ky. — When neighbors reported Louis Keen, who lives alone, missing for several days, police went to Keen's home to investigate. There they found Keen, partially paralyzed, crumpled in a corner of a locked room, with his dog guarding him. Efforts to move the hungry dog from his vigil failed and it became necessary for the police to kill the dog in order to remove the injured man to a hospital.

NO TIME TO GROW

Mrs. Noowel—Aren't these eggs rather small today?

Grocer—Yes'm, but the farmer who sells my eggs had to start to town early this morning and took them out of the nest too soon.

The explorations of Sir Walter Raleigh in 1584 were responsible for the founding of Virginia.

President May Put Russian Reds On the Spot With German Proposals

By STANLEY JAMES
Washington Correspondent

WASHINGTON: President Eisenhower and his aides are going to Geneva later this month expecting to accomplish little, if anything, in their scheduled talks with Communist leaders. So many words of caution and warning have been heard in this country, the President is determined not to give his critics ammunition — a chance to say he sold out the United States — after his return from the Geneva Conference.

If the Communists expect Mr. Eisenhower to make concessions, in exchange for promised concessions on the Communist side, they are going to be disappointed. Mr. Eisenhower's formula at the meetings is to be as follows:

The Chief Executive will try very hard to impress the Communists with his sincerity and eagerness to enjoy better relations with the Russians. But when it comes down to the question of giving in on the Chinese question, or to the Russian plan for atomic control, or on other trap-offers, the President won't budge.

Instead, he will try to stress this country's disappointment over Russia's past action — since the cold war began—and back his approach up with facts, figures and the record. Secretary of State John Foster Dulles tipped the hand of the United States a bit, purposely, when he said recently in a speech that the Russians could prove their contention that they sought an easing of tension by agreeing to the reunification of Germany.

This effort may turn out to be the key pitch of the U. S. delegation in Geneva. If that proves to be true, it will have a tremendous effect on the German people who—in Mr. Eisenhower's opinion —hold the answer to the question of success or failure of the democratic security system built up in Europe in the last few years.

It would also steal a bit of the Russian thunder since the Soviets have been waging a major propaganda campaign in Europe—based on the theme that they, too, desire German reunification. The catch is that the Reds would not hold really free elections in all Germany.

The President will put the Soviet delegation on the spot when he presses for such an election, and it is well known that the majority of Germans will favor alignment with the West when and if a really unified government is set up. That is because there are about 50,000,000 Germans in West Germany and only about 18,000,000 in East Germany. And a great number of East Germans are thought to be in favor of a western alignment while few West Germans would favor closer alignment with Russia.

Be proud of Canyon — Clean Up; Paint Up; Modernize!

Spot Oiling Kills Johnson Grass

COLLEGE STATION: Farmers can now get rid of Johnsongrass completely without swinging a hoe.

Spot application of diesel and naphtha-type oil sprays is proving a practical answer to row crop control of Johnsongrass. At College Station four treatments of such oils killed 99 percent of all Johnsongrass in cotton stands in one season. Four trips over a similar field with hand hoes eliminated only 44 percent of the grass.

Homer E. Rea, agronomist for the Texas Agricultural Experiment Station who has been working with various Johnsongrass killers, believes that successful spot oiling of Johnsongrass is highly significant.

"It does away with intensive hand labor methods which few farmers can afford these days," Rea said.

Varsol 1, Lightfoot 23, No-weed Oil, Lion 1 and Flit 38 are among commercial preparations to use. An ordinary knapsack sprayer applying a half and half mixture of one of these oils and diesel fuel will do the job, Rea explained. About one-third of a teaspoon of oil mixture on the stem near the base of each plant is sufficient for results. Best kills are obtained on young grass.

Within hours after the initial treatment Johnsongrass usually is shriveled and killed to ground level. To completely eradicate the roots and prevent later resprouting repeated oilings at intervals of 7 to 10 days may be necessary. This usually means four to six treatments.

Rea has the cost of application figured at $14.10 an acre, counting oil and labor. The cost, of course, will vary with the amount of oil used and the intensity of Johnsongrass infestation.

MARVELOUS AGE

"More than 5,000 elephants go each year to make your piano keys'."

"Really? Well, it's remarkable what those beasts can be trained to do."

DUTY BOUND

There was a serving girl in London whose mistress said one day, "What church do you go to?"

"Mr. Spurgeon's," was the reply.

"Do you like Mr. Spurgeon?"

"Oh, yes, more than all the others. When I hear Mr. Spurgeon preach, I feel that I am bound to sweep under the mats."

TAKE BAD WITH GOOD

Wife (heatedly) — You're crazy, you're worthless, you're bad tempered, you're shiftless, you're a thorough liar.

Husband (reasonably) — Well, my dear, no man is perfect.

OUT OF THE RUT

"Remember, darling, you won't always be a junior clerk in a moldy old office."

"That's a fact! I've already got a week's notice."

188-hp Buick SPECIAL 6-Passenger, 4-Door RIVIERA, Model 43

This 4-Door Beauty is the Newest Hit in Hardtops

YOU certainly ought to come in and see for yourself why this new kind of hardtop is headed for the best-seller list.

It's a Buick Riviera, of course.

Which means the low and rakish look of a Convertible – a solid steel roof overhead – *and no center posts in the side window areas to obstruct your view.*

But that's only the beginning.

Here you get *two extra doors*. They open to the rear compartment. So no one in the front has to move when someone gets into or out of the rear.

Here you get massive *half*-pillars on either side on which the front doors latch and the rear doors hinge. (That's why you see no center posts above the door line.)

Here, too, you get wholly new principles in body design and strength that give the extra safety of rock-firm solidity at the top, sides and bottom.

And here—bless those Buick engineers!—you get a lot more room in the rear compartment.

For the 4-Door Riviera gives you over 9 inches more hiproom and 5 inches more legroom – yet with *no* increase in wheelbase or over-all car length.

So we repeat—you certainly ought to come in and see this stunning new kind of hardtop.

It's the very last word in beauty, comfort, convenience. It's available in Buick's two lowest-priced Series – the SPECIAL and the CENTURY. And it's *all* Buick – with Buick power, Buick ride, Buick handling—and the spectacular performance of Buick's Variable Pitch Dynaflow.*

Drop in today—tomorrow at the latest—and learn what Buick's all time record sales year can mean to you in the way of a whopping-big trade-in deal.

**Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.*

Thrill of the year is Buick

President Puts Skids Under Talk Of Depression With Prosperity Talk

WASHINGTON: A new concept of American business prosperity has been developed in the national capital and the administration is doing everything it can to make that concept a reality. The test will come in the next decade, or sooner, and if the theory is sound, there will be no depression, as that of the thirties.

The idea is to build enough props under the economy, and take the necessary federal action, to avoid a really serious depression. Most of the props are already in place. There is, in addition, social security, which will be a steady income to millions in coming years.

The current idea is to broaden social security coverage, increase unemployment payments, hike disability incomes and provide increased assistance to women who are left widows, or who want to retire earlier than usual.

Veterans' benefits are to be increased also, and with the larger military establishment there will naturally be more military retirement pay distributed in coming years. If business is kept moving at a good pace, and if credit remains relatively easy to get, the government need only be ready for emergency action to prime the pump a bit in recessionary cycles.

This the government is now ready to do. Bank insurance and other safeguards are designed to cushion the impact of any slump, and this—with quick government action—should prevent a serious depression from ever getting underway.

At least this is the theory the administration is now going along with. And it may work. If it does, the Communist world, and the Communist theory that capitalist countries must experience depression disasters every so often, will be dealt a blow.

And economic planning in this country might also undergo a long-range change. Employment and profits could be stabilized to a degree hitherto unknown.

It is from this position of economic strength that President Eisenhower expects to make his stand at Geneva this month. Ike's top planners are convinced that the U. S. economy will stand up indefinitely, under the new concept, while the Communist countries are sure to split eventually, and experience sharp economic crises from time to time.

Patience, then, would be to the advantage of the United States. Accepting this theory, it is obvious that time is on the U. S. side, and that concessions are not called for on our part at Geneva.

The Communists will find that Mr. Eisenhower is sincerely determined to improve relations between East and West but firmly determined not to give in on matters of principle. The conference will produce little, unless it brings about Russian concessions.

Such concessions are not thought to be impossible, though they are improbable. Thus the great hullaballoo about Geneva adds up to very little. Nothing much is expected to come from the Geneva Conference. The U. S. Government agreed to that conference at the insistence of Anthony Eden and other foreign leaders.

The President has never had any high hopes for the conference, and yet the papers are full of speculation as to what side will gain what. The truth is that the United States can lose only in the propaganda field, if present plans are adhered to. And the U. S. plan includes efforts to win the propaganda battle also.

That will probably be the big battle—the contest between each side trying to convince the world their leaders are for peace. Other than that, the conference might not produce anything of consequence.

PERSONAL INCOME

Aggregate personal income in April rose to a new record estimated high of $295,000,000,000 per annum. The "take-home" part of this record personal income — what's left after taxes — was at the rate of $260,000,000,000 for the year. Aggregate personal income in April ran a billion dollars higher than in March, which had set the previous record.

VEHICLE REGISTRATION

A total of 58,589,863 motor vehicle registrations were issued in 1954 — a gain of 4.1 per cent over 1953 — according to the Bureau of Public Roads. Florida showed the greatest rise with 8.2 per cent.

Study Is Made To Get at Root Driver's Trouble

"What's the answer to the vacation traffic problem? You are, Mr. Motorist!"

In those words E. C. McFadden of Dallas, president of Texas Safety Association, Inc., today squarely pinned responsibility for the heavy annual toll of vacation traffic deaths on the drivers themselves.

"It is my firm belief that most vacation-time auto accidents can be laid at the door of impatient and discourteous drivers," said Mr. McFadden as he discussed the safe vacation driving program which the Texas Safety Association, the Department of Public Safety and the National Safety Council are sponsoring this month.

"These Hurry Bugs are so intent on cramming their vacations full of activity and pleasure that they don't take time to drive safely."

Mr. McFadden suggested a more relaxed attitude as a safeguard for the driver. He pointed out that a vacation is a time to take it easy and enjoy a little fun.

"There's very little fun in making an over-ambitious schedule and trying to keep up with it no matter what happens," Mr. McFadden said. He advised motorists to get an early start each day and to plan to cover just as much territory as they can manage without strain. These two things, he pointed out, will remove the pressure to drive at a speed too fast for conditions, to disregard traffic signs and signals and to ignore the ordinary rules of courtesy on the road. He also warned drivers to be especially careful at night because danger is increased after dark and the driver is likely to be fatigued.

"I guess my whole message can be summed up in a familiar slogan from the Texas Safety Association: "Drive to Arrive Alive — Slow Down and Live!"

HIS LAST HOPE

While doing a bit of shopping Mrs. Jones thought she'd take hubby a little present. The assistant at the men's counter, tried to be helpful.

"What about a tie, madam?" he said.

"No; he has a beard."

"A pullover, then?"

"No; it's a long beard."

"I see, madam," said the salesman wearily. "Do you think a pair of spats would show?"

UNDISPUTED PASSAGE

"My son wants to be a racing motorist. What shall I do?"

"I wouldn't stand in his way."

First Five Classes . . .

(Continued from front page)

a long time and who had sustained the deep grief of the death of his companion only a few days previously.

"This is an occasion I have long wanted to attend," he said, "and nothing could have prevented my being here. It delights my soul to have you come."

Dr. Hill also reminisced about the past, recalling some of the lighter moments of his 35-year career as president of the college.

"I think that if I had to characterize those first few years here, I'd have to say the most important things were character building and a democratic atmosphere," he said. "I don't believe there was ever an institution where the faculty and students intermingled more than they did here in those early days.

"You never get so high in educational circles but what the most important thing in life is spiritual—not physical. You can still look to this campus to continue those same high ideals started here so many years ago," he said.

Dr. E. L. Henderson of Greenville, N. C., had each person present arise, give his name and make such remarks as he saw fit. In recalling many incidents of the past and the first days on the campus, the group received great delight.

Following the luncheon in the cafeteria, this program was continued, with Grace Winkelman Warwick in charge.

The first five year group was designated as the "Pioneers" and when the first graduating class is all dead, the name will be applied to a new year, 1916.

Three names were suggested as members of the Ex-Students Association, Mrs. Warwick; Cliff Wimberly of Vega; Ted Reid of Canyon.

The group will hold another meeting in the near future, and at this meeting, changes will be noted in the complexion of the membership as well as the college campus.

Dr. G. E. Kiser . . . .

(Continued from front page)

Carolina.

Kiser was an instructor in the Air Force ROTC branch at the University of Texas for a few months in 1952 before becoming professor in the Department of Management, College of Business Administration. He has been teaching classes while working toward his Ph.D. He is a member of Sigma Iota Epsilon, national honorary management fraternity, and was president of the University of Texas chapter in 1953. He was faculty advisor for the chapter in 1954.

Entering the Air Force as a cadet in 1940, Kiser was relieved from active duty at his own request in 1945, and he holds a current rank of Colonel in the Air Force Reserve. While serving in the Air Force, he was commissioned a Colonel in the Honorable Order of Kentucky Colonels by Governor Keen Johnson in 1942.

In World War II, Col. Kiser spent 20 months overseas and flew some 200 combat missions. He was pilot and squadron commander of the 17th Pursuit Squadron in the Southwest Pacific from December 1940 to April 1942. From April to September of 1942, he was assigned to the 49th Fighter Group, and from March until September 1944, he served in Europe as deputy commander of the 56th Fighter Group.

Kiser, who is married, has won many service decorations, including the Distinguished Service Cross, the Silver Star, two Distinguished Flying Crosses, five Distinguished Unit Citations, and 12 Air Medals.

Conner Park . . . .

(Continued from front page)

of Canyon decided to be its own contractor in building the pool, and was able to build it for less than the $40,000 cost estimated by contractors. Bayne supervised most of the work on the pool.

Bayne said the concrete windbreak and other final touches on the pool would be completed in time for its opening to the public next Saturday.

City Commissioner Bob Bellah distributed the three prizes which were offered by the Chamber of Commerce for the names. The first prize of a $50 Savings Bond was won by Mrs. W. E. Miller, who submitted the prize winning name a few hours after announcement of the prize was made. She submitted "Conner Park." Several other persons submitted the same name after the prize winner was received.

Others receiving season swimming tickets were Mrs. Charlie Huffines and Mrs. John E. Bowden.

Paul Lindsey, the third member of the City Commission, made himself the handyman for the occasion, assisting in various capacities.

The large crowd got a treat when a surprised stunt put Commissioner Bob Bellah, Truett Hull, Dudley Bayne and Glen Hatfield, engineer, into the pool fully clothed.

The duration of a trade-mark registration is 20 years.

Births

A daughter was born to Mr. and Mrs. Dan Hagood of Floydada on July 5.

Born to Mr. and Mrs. Theron E. Tidwell of Canyon a daughter on July 6.

A daughter was born to Mr. and Mrs. Marlow Horne of Hereford on July 11.

Mr. and Mrs. Anton Handing of Canyon are the parents of a son, born July 11.

Movie To Benefit Canyon Boy Scouts

On Friday and Saturday at the Varsity Theatre there will be a full program of pictures that are guaranteed to entertain the entire family.

Scouts of the different troops in Canyon are busy selling tickets for this program as the proceeds will go to their funds.

A full-length picture of the 1953 Boy Scout Jamboree held near Newport Beach, Calif., and attended by Alan Hanks, James Young, and Roy Hunter, will be the feature.

In addition there will be a Walt Disney short featuring Stormy, the Thoroughbred; a short of Boy Scout troop in Colorado that have been made famous through their dancing. There will also be news reels and cartoons.

This is a good opportunity for the entire family to help the Scouts and to have an enjoyable evening at the same time.

Terry Ed Mickle of Lampasas arrived last Sunday to spend the summer with his father, Densmore Mickle.

C. H. S. Has Good Representation at State F.F.A. Meet

A delegation of six boys, all members of the Canyon FFA Chapter, will go to Houston July 20-22 to attend the 27th annual convention of the Texas Association of Future Farmers of America.

The boys will be headed by Norman Tucek, state vice-president Foster Parker, nominee for state president, and Thomas L. Devin will accompany them.

Others who will make the trip from Canyon include: Garland Ruthart, Edward Hinders, Jack Campbell and Jimmy Kuhlman.

Jack McCormick, Garland Ruthart, Edward Hinders, and Foster Parker will receive their State Farmer Degree during the convention.

More than 3,000 boys from all over Texas are expected for the convention which will be held in the completely air-conditioned Sam Houston Coliseum, home of the Houston Fat Stock Show.

Convention headquarters will be the Rice Hotel, located in downtown Houston.

Many varied activities are being planned for the Future Farmers. Tours of industry, visits with leading business men and industrialists, banquets, plenty of entertainment, as well as the regular business sessions are on the agenda for the three day convention.

More than $5,000 in awards will be presented to the outstanding FFA boys and chapters during the convention.

Houston leaders heading the convention committee include Archer Romero, president of the Houston Fat Stock Show, Howell B. Jones, chairman of the agriculture committee, Houston Chamber of Commerce, and J. D. Sartwelle, president of the Houston Farm and Ranch Club.

Mrs. Frank Cappelli and son were week-end visitors in the home of Mrs. Deloris King in Amarillo.

Around the Town . .

(By Mrs. Clyde W. Warwick)

Beginning next week Mrs. A. C. Haley, Jr., will take charge of this column, while I am gone to Europe. She asks that those having or knowing news please phone her at 5-2206.

It is my intention to write of our trip, hoping I will be able to bring you things of interest in the countries we visit. I may not be able to get things written and home on time as I expect to see everything and do everything possible and that may take all of my time. I will try.

Bela Kornitzer has published an authentic, revealing and candid portrait of the five Eisenhower men and their parents, called "The Story of Ike and His Four Brothers."

It is a most interesting tale of these five brothers who all rose to fame in their particular field. She states that they lived "on the wrong side of the track," an American expression many have used about the Eisenhowers. Well—if the "wrong side of the track" can produce five sons like these all the world better move over to that side of the track and that quick.

Samuel Humphreys of Fort Worth spent the week-end visiting with his mother, Mrs. J. S. Humphreys.

Mr. and Mrs. R. B. Davis have built an addition to their home at 1304 7th Ave.; enlarging the dining room and kitchen. Mrs. Davis said they enlarged it so they would have room for their four grandchildren. They have redecorated the entire inside of the home.

Mr. Davis's brother and family, Mr. and Mrs. Eldo Davis, Phyllis and Denny of New Albany, Ind., have been visiting with them and another brother and family, Mr. and Mrs. John Davis and Linda of Glendale, Calif., will arrive Monday.

Heard over the radio: "Flowers are the jewels of nature which are yours to give."

Another double meaning of our language:

Turning to her daddy, seven-year-old Suzanne asked, "Why doesn't Tommy talk?"

"He can't," replied the father, "Babies as small as he is never do."

"Oh, yes, they do," Suzanne reassured him. "Why at Sunday School teacher told us that Job cursed the day he was born!"

The Canyon Garden Club will hold its regular meeting on the lawn of Mr. and Mrs. T. A. Black at 2100 3rd Ave. at 7:30. Mrs. Black will show some interesting slides. All members and those desiring to join are urged to come.

Mrs. Black has two interesting films to show. One is a 20-minute film on chrysanthemums and the other is a 30 minute film on roses.

The Magnolia tree at the Black home is in bloom, and members of the Garden Club will be greatly interested in these features of the program.

Sorry that I shall be on the deep seas while the meeting is held.

Mr. and Mrs. W. H. Sparks will move in their new home at 1213 4th Ave. this week. The home has a living room, den finished in knotty pine, kitchen, dinette, bath and two bedrooms. The Sparks moved to Canyon from Amarillo nine years ago. Mr. Sparks is with the J. C. Dowd Implement Co., Happy. He has been with the J. I. Case people since 1925.

Mr. and Mrs. Sparks have a daughter, Mrs. A. C. Hudson, who lives at Lubbock and a son, C. F. Sparks, in Compton, Calif. They have four grandsons.

Mr. Sparks suffered a heart attack three weeks ago and has been in the hospital. He has recovered enough to be at home in time to move into his new home.

"The things taught in schools and colleges are not an education, but the means of education." —R. W. Emerson.

I have often wondered what education is and this comes as near to answering as anything I have ever found.

I was glad when those buffaloes stampeded! Somehow the Old West lost some of its glamour when these once wild beasts drove meekly over the prairies where the thundering herds of their ancestors preferred death to captivity.

And now they tell us of the sins of Davy Crockett. It doesn't matter. There is a vast difference between the man who lets his sin destroy him as Judas did and the man who in spite of his sins performs a noble service to his country and humanity.

One thing you can always depend on with children — If they go out one door they want back in at the other door. Wonder what they did when they lived in the dugouts and only had one door.

"Only fear the Lord, and serve Him in truth with all your heart: for consider how great things he hath done for you." I Samuel 12:24.

Accident insurance is mighty good insurance for Dad to carry.

Mrs. Jack Harding and children of Dallas spent last week in the parental J. B. Loudder home.

Mrs. Nellie Tayloe Ross, of Wyoming, was the first woman elected governor of a state, in 1925.

The first Science Musuem was founded by the Charleston (S. C.) Library Society in 1773.

The principle of jet propulsion was understood and put into design some 2,000 years ago by Hero, an Alexandrian philosopher.

The Hall of Fame for Great Americans was established in 1900 on the campus of New York University.

The first five and ten cent store was founded at Utica, N. Y., in 1879.

On Jan. 10, 1946, the U. S. Army first hit the moon with radar impulses.

"Base Ball" was played in the U. S. A. and England before 1839.

Reception in Honor of Bride and Groom

The Presbyterian Guild held a reception honoring Mr. and Mrs. James Rigsby who were recently married in Rockport, Kentucky, the evening of June 25 in the reception rooms of the Presbyterian Church.

Receiving were Rev. and Mrs. T. Winston Wilbanks, Mr. and Mrs. R. R. Rigsby, and the honorees, Mr. and Mrs. James Rigsby.

Mrs. Donald Iverson, sister of the groom, presided at the guest book and Mrs. Joe Black and Mrs. Roscoe Davis served punch and cakes at the beautifully appointed table.

This was also the 36th anniversary of Mr. and Mrs. R. R. Rigsby, parents of James.

Mrs. James Rigsby, Mrs. Wilbanks, Mrs. R. R. Rigsby, and Mrs. Iverson wore beautiful corsages of white carnations.

Seventy-five friends were present.

CROCKETT AND CARSON: NON-TEXANS

The Davy Crockett craze has touched the staid offices of the Bureau of Vital Statistics at the State Department of Health.

The Bureau received a request for copies of birth records for the king of the Wild Frontier and his equally daring colleague, Kit Carson.

The result came from a self-confessed "old pensioner" in Oklahoma City "who enjoys reading about the early days of our country."

Bureau officials couldn't comply with the request, though, since neither Crockett nor Carson were born in Texas.

Carson, for the "old pensioner's" information, was born in Missouri. And for information on the state of Crockett's nativity, he might refer to the first verse of the current ballad:

"Born on a mountain top in Tennessee . . ."

Mr. and Mrs. L. A. Pierce of St. Louis, Mrs. Ed LeGenda from Sonoita, Ariz., Mr. and Mrs. Judge Pierce and their two children, Ann and J. W., are visiting with their mother, Mrs. L. A. Pierce, and their brother and family, Mr. and Mrs. F. A. Pierce.

Mr. and Mrs. Ivan Baucom from Portland are visiting Mrs. Baucom's sister, Miss Irene Angel.

The first set of boxing rules and first set of boxing gloves were made by Jack Broughton in 1743.

In 1947 John Cobb of London became the first person to travel more than 400 m. p. h. on land.

The Korean armistice was signed at Panmunjom on July 27, 1953.

Philadelphia, Penn., was chartered as a city in 1701.

Resolutions Are Passed in Memory of Mrs. J. A. Hill

The following resolutions were presented and passed Tuesday by the Canyon Rotary Club:

RESOLUTION OF RESPECT

BE IT RESOLVED by the Canyon Rotary Club, in the regular meeting this 12th day of July, 1955:

THAT our hearts are heavy upon this occasion, and our thoughts are with Rotarian Joseph Abner Hill;

THAT we extend our deepest sympathy of each and every member of the Canyon Rotary Club to Joe Hill and his three splendid children in the loss which they have sustained in the death of Rotary Ann Ola Hill;

SINCE the early days when Joe Hill came to Canyon as a young professor of History, and head of the department in West Texas State; throughout the years while he served as President of the College; to the date of his retirement, Mrs. Hill has stood by his side as a true and faithful companion; ever ready to assist him in his hours of triumph, as well as in his hours of trial;

WHEN Rotary beckoned Joe Hill to serve as a member of the Amarillo Rotary Club, Rotarian Joe accepted the challenge and became a good member of a great club;

WHEN Canyon reached the point of getting a Rotary Club for herself, Joe Hill was among the first to become a member; and the first man to serve as President of the Club. Rotary Ann Ola Hill again showed her intense interest in his work and his ambitions by standing by his side in this newly organized club. She has likewise attended each and every Rotary Ann dinner as her health permitted, and has given us valuable aid upon every occasion.

ROTARY Ola Hill has passed to her reward. She leaves a vacant place in the Canyon Club; among the dear friends of this community; and God only knows the deep grief which it weighs upon Joe Hill and his three children.

MEMBERS of the Club extend sympathy to Rotarian Joe; to Davis; to Joe; to Marion; and when this club adjourns for today it shall be in memory of Rotary Ann Ola and the good and full life which has been her part in this community.

Signed: James P. Cornette
Walter Juniper
Clyde Warwick

Richard Dennis Fleming, son of Mrs. Dolly Kirkpatrick, 1516 7th Avenue, and David Arthur Brandon, son of Mr. and Mrs. L. F. Brandon, 2010 3rd Avenue, recently enlisted in the U. S. Navy. Both boys will take recruit training at the Navy Training Station, San Diego, California.

Texas Viewpoint In Washington

By PRICE DANIEL
U. S. Senator

The biggest news in Washington last week was tragic for Texans and the nation. It was the heart attack suffered by Senator Lyndon B. Johnson. I had seen Senator Johnson only the day before, when I left on a trip to Texas, and he appeared to be in good health and good spirits. The only trouble was that he was working too hard in his capacity not only as senior Senator from Texas but as majority leader of the Senate. It was a shock, although not too much of a surprise, to learn of his serious illness. Although his condition is still quite serious, we are encouraged by the possibility that his recovery may be complete enough for him to resume his Senate leadership in January.

In a recent column I mentioned the outstanding accomplishments of Senator Johnson as majority leader and the commendations which he has received from all over the nation. There is no doubt that his present condition is the result of the tremendous amount of work he has been doing both for our State and the Nation. The position of majority leader is one which involves constant efforts in resolving conflicts and seeking to reach accords among a majority of the 96 Senators whose thoughts are sometimes quite diverse. In order to properly carry forward a legislative program, it is necessary for the majority leader to be constantly alert and to bring together enough divergent views to provide the necessary votes for success of the legislative program The enormity of this task cannot be overstated. In fulfilling this duty Senator Johnson has given so freely of himself that he has impaired his health.

Senate Prayer

In a completely unprecedented action, the Senate paused for a moment of silent prayer for the recovery of Senator Johnson. The resolution which provided for this action stated, "Resolved that the Senate stand in silent prayer to the Almighty for the early and complete recovery of the majority leader, the beloved senior Senator from Texas." This has never been done in the Senate before and is considered one of the highest tributes ever paid to a man in the position of Senator Johnson. More important, it shows that members of the Senate recognize that God has the power to heal and restore our colleague if it is God's will.

If Senator Johnson is incapacitated in any great degree after January 1 of next year, it will be a great loss not only to our State but to the Nation and the Democratic Party. It is he more than anyone else who has been able to bring together for the good of the country a majority in the Senate on many important issues. It is he more than anyone else who might be able to help restore unity and confidence in the Democratic Party, both in Texas and the Nation.

Funds for Texas Projects

The Senate last week passed the 1 billion 800 million dollar appropriation bill which includes many river, harbor, and flood control appropriations for Texas. In its final form the bill includes construction funds for the Corpus Christi Bridge in an amount of $1,500,000, the Dallas Floodway $2,690,000, the Houston Ship Channel $500,000, the Port Aransas-Corpus Christi Waterway $600,000, $4,500,000 for the Texarkana Reservoir, $1,500,000 for McGee Bend Dam, and $340,000 for Canyon Reservoir.

Survey funds are provided for Lake Liberty, Port Mansfield, the San Bernard River, Buffalo Bayou, a flood control project at Ozona, Trinity Bay Soil Conservation District, Richland, Chambers and Cedar Creek, Waco Reservoir, Navarro Mills Reservoir, Guadalupe Channel to Victoria, and San Antonio River Channel improvements.

Ferrell's Bridge Dam and Reservoir

The Senate reinstated a $2,450,000 appropriation for construction of Ferrell's Bridge Dam which had been eliminated in the House because of the failure to complete a contract between the Corps of Engineers and the local water district concernng an addition to the dam to impound water for local use. The Senate recently passed a bill sponsored by Senator Johnson and myself which will eliminate this difficulty.

Also last week it was determined that a bill to provide authority for the construction of the Cooper Dam and Reservoir on the South Sulphur River would be considered by the Senate Committee on Public Works on either July 11 or 12, 1955. We will make every effort to secure prompt passage of this bill both in the Committee and on the floor of the Senate before Congress adjourns. The House passed without a dissenting vote a bill to allow this construction which was sponsored by Congressman Wright Patman.

TOWN AND COUNTRY CLUB MEETS WITH MRS. CAMPBELL

The Town and Country Club met last Thursday evening in the home of Mr. and Mrs. L. T. Campbell for an ice cream social.

"42" was enjoyed at four tables.

Those attending were Messers. and Mesdames Arthur Olson, John Cook, Jack Foster, H. W. Burrus, Albert Byars, Tom Lair, and M. B. Brown.

Next meeting will be with Mrs. Lillie Byars.

COMPETITION

"I suppose the little wife will win all the arguments in your house?"

"No; she'll only win half of them."

"Oh, you expect to win the other half?"

"No; but my mother-in-law will."

"BLESSED ARE THEY..."

As the little birds trust the mother bird, so let men trust God. If a sparrow cannot fall without God's attention, if He counts the hairs of our head... why do we fear (Mat. 10:29-31)? Worry about future security? God is the security for those who trust Him. Your Heavenly Father feeds the birds, and you are of far more value than they (Mat. 6:26). *"Blessed are they who hunger for God's good things; they shall be filled."* In childhood we needed mother and welcomed her... as adults we need God and ignore Him. In prosperity we forget God, the Bible, the church; but when disaster comes we want them all.

As your days so shall your strength be (Deut. 33:25). He will cover you with His feathers, and under His wings shall you trust (Psalms 91:4). Then why not trust God where you cannot see; the plan is His, the promise yours. "Blessed are they."

You In The Church...
The Church In You
Form a combination for good. We should attend church regularly. Every man, woman and child needs the influence of the CHURCH. Be faithful Be a Churchman!

Just Between You, Me . . .
. . . and the Gatepost

By Lawrence Hunnicutt

Many people were saddened last week at the death of Mrs. Joseph A. Hill. She and Dr. Hill have lived in Canyon since 1910 and both have contributed much to the community. Before her health began to fail Mrs. Hill was a Sunday School teacher at the First Baptist Church. Dr. Hill was president of West Texas State College more than a quarter of a century.

J. H. Buchanan, the man who has the train concession at Palo Duro State Park, was by last week. He explained that he had a visitor who was very much interested in the scenic beauty of the park, the historic lore and the entertainment qualities. He said he showed the man Goodnight's dugout and made a general tour of the park with him. The man had hitch-hiked out to the park so Mr. Buchanan saw to it that he received every courtesy. After showing the gentleman around Mr. Buchanan learned that he had been entertaining the research editor of the Dallas Morning News. The newspaper editor had been under the impression that there was a regular bus service from Canyon to Palo Duro Canyon. Sure would be nice if we could only provide such a service for people who come here and don't have a car.

The Lions were chesty with success last week as they ended their carnival. Proceeds taken at the carnival will go toward the purchase of playground equipment for the new elementary school. John Hunter was hoarse from barking before the carnival ended. Some of the other activities of the carnival included the dunking board. Now on this board rode such local people as Clark Jarnagin, George Roden and Bill Wilson, to name a few. According to their version the carnival was a splashing success.

Wonder how many people have noticed a certain sign below the glass on John Hunter's desk at the gas company? We noticed it and received a slight jolt from it as well as a chuckle last week while paying the gas bill. Oh what does it say? Simply this, "don't go away mad, just go away."

Mr. and Mrs. Charles Donnell lost their pet dog, Poochie, last week. The little cocker spaniel had been a pet with them for many years and had become a familiar sight around town. Dr. Markham put Poochie away painlessly when it was learned that the dog could not survive.

If you are one of those persons who did not get out to the park dedication Sunday, you really missed something. No matter how simple it may seem to some and how unimportant to others, the park dedication was one of the historic landmarks in the history of Canyon. A lot of people have been trying for many years to get a park here and this achievement is not something to be taken lightly. It is truly a great step of progress for Canyon.

Jack Jennings was happy last week. He received the plaque of World War II dead from Randall County to be placed in Conner Park. Formerly it was hoped to get the plaque mounted in time to dedicate it at the same time the park was dedicated but this was impossible. The plaque is magnificently beautiful in its plain simplicity. When you see it you're sure to get a heart warming impression.

About this time each week we try to find something zany to say. This week we give a serious trend to the department. Our first one is something that concerns duty and is too often true. Duty, it has been said, is something we look forward to with distaste, do with reluctance and boast about forever after. And too often the same thing goes for church work.

The man who removes mountains begins by carrying away small stones.

No job is big in itself, it is only a series of small jobs properly fitted together like brick in a large building.

PLEASANT-JO 4-H CLUB REPORT

Pleasant-Jo 4-H Club met Tuesday, July 5, at 9:30 a. m. in the home of Kathryn Winstead with Patsy Robinson, president, presiding.

Miss Alby Kuehler was introduced as the junior leader.

Mrs. Mona Hildreth, home demonstration agent, demonstrated the steps necessary to finish a blouse, such as making darts and putting on facings. Each member is expected to finish her blouse and have the skirt cut out by the next meeting.

Those present were Janie Meyer, Peggy Cranmer, Sharon Cranmer, Norma Lou Henderson, Elizabeth Haynes, Wanda Bourn, Judy Wilson, Patsy Robinson, Kathryn Winstead, members; and Mrs. Hildreth, Miss Kuehler, Mesdames Ed Bourn, Bill Wilson, Roy Henderson, E. L. Cranmer, Erwin Meyer, A. B. Haynes, Jr., Joe Winstead.

Next meeting will be Monday, July 18, at 2:30 p. m. in the E. L. Cranmer home.

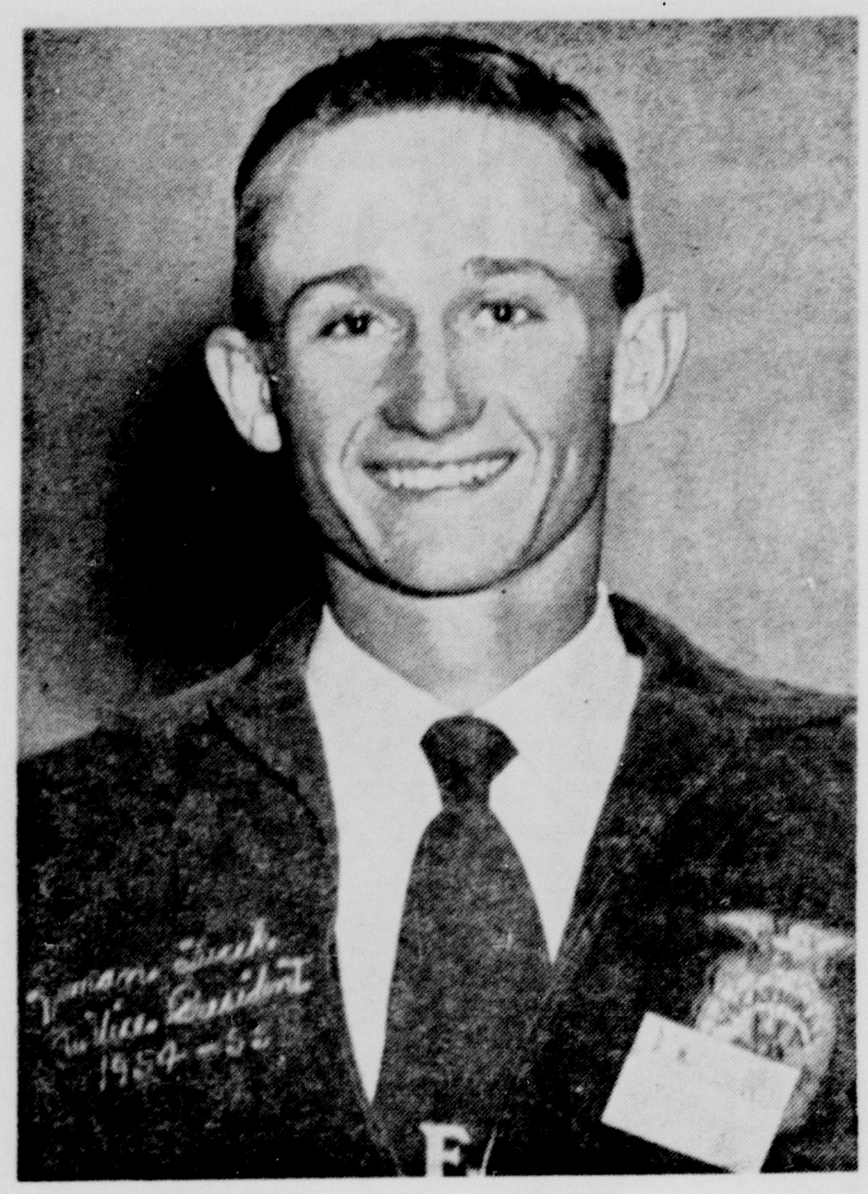
F. F. A. State President Candidate



FOSTER PARKER . . . FFA State Officer Nominee
Area 1, 1955-56

Foster Parker, member of the Canyon Chapter of Future Farmers of America is candidate for president of the state association of Future Farmers of America. Foster was selected from Area 1 as the canidate for the state president during the area convention held in Amarillo May 14th.

Foster was selected as a nominee for the state presidency because of his outstanding work in the organization during his four years of membership in the local organization. Foster has been active in the local chapter activities in judging contests. Leadership activities and in his outstanding supervised farming program. Foster has served the chapter as reporter and is at present vice-president of the Canyon chapter and president of the Amarillo District.

During his work in FFA, Foster has carried out an outstanding supervised farming program. His program was good enough to win the honor of Star Chapter Farmer in 1954 and this year he was selected as Area I Star Lone Star Farmer. He will receive his State Farmer Degree during the State FFA convention being held in Houston July 20-22.

Foster will leave for the state convention to be there for executive meetings prior to the opening of the convention. He will work with Norman Tucek, present state vice-president, during the convention.

Foster will be the fourth Area I presidential nominee in as many years from the local chapter.

Foster is the son of Mr. and Mrs. J. O. Parker of Canyon.

CELEBRATES BIRTHDAY

Mrs. Mary Simon celebrated her 80th birthday on July 8th with her children gathered at her home. She received many lovely useful gifts and numerous best wishes from many friends and neighbors, near and far. Ice cream was served with birthday cake to those meeting for the occasion.

The dome of the McDonald Observatory located on Mount Locke in Texas, is 60 feet in diameter and weighs 140 tons.

President Eisenhower and other high Government officials were pleased with the results of the recent nationwide test.

LIPSTICK LOGIC
BY
LOUISE ALLEN

If you want to stir up memories some hot afternoon, get out an old address book. If it goes back several years, what a collection you'll find!

The friend of a friend, who visited in town from Ohio: You gave a party for her, although you can't remember now what she was like.

The parents of your child's first college roommate. When he was homesick, they invited him for a holiday, so you send a greeting each year.

School friends, who came through town during the war: You were putting up apples, but you dropped everything and got a cold lunch on the table, and it was fun.

The spouse's college roommate, now a famous cartoonist, who came with his wife from Florida: The four of you sat up half the night catching up on what had happened in the last 20 years.

The cousins, with whom you played as a child: Can't even remember their husbands' names unless you write them down.

Friends made during the war, business acquaintances who have moved away, someone with whom you share a hobby, people who have been kind to a loved one — so many names, so many memories! Did you truly mean to write when you put those names in your book? A few addresses have been changed four or five times — someone has kept those friendships alive. Some of these people you could write any day and the letter would be welcome; others — if they remember you at all — would wonder why in the world you had kept that address.

The paths we cross make life interesting. Some, like the lines drawn idly in the sand, weren't meant to be permanent. Others, etched into the metal of real understanding, will remain a part of our life pattern forever.

The Cathedral of St. John the Devine in New York City was begun in 1892 but is not yet completed.

Fairview Breezes

Rev. Earl Landtroop delivered two excellent sermons Sunday.

Patricia Patterson is on vacation with Mr. and Mrs. Arthur Patterson and daughters. They plan to tour Yellowstone Park while away.

S. F. Sharpes of Cisco has been visiting old friends in this vicinity the past week.

Correction: The Randall County Sing Song Band will meet next Sunday in all day singing at Fairview with lunch served in the dining room.

Mr. and Mrs. H. H. Shipman, Nan Earyle and Gene visited over the week-end in Waco.

Mr. and Mrs. J. D. Prossor and boys visited Sunday with the G. E. Wesleys.

Harney Rogers had the misfortune of getting tangled with a harrow and tractor several weeks ago. The past week he had to have his leg drained owing to infection.

Mr. and Mrs. J. W. Wesley, S. F. Sharpes and Rev. Earl Landtroop visited Sunday in the Frank Rogers home.

Mrs. Charles Wilson and children visited a while Sunday afternoon in the Frank Rogers home.

The Wesley reunion will be the 23rd and 24th of this month in McKenzie State Park.

Etta Jean Sharpes is attending Draughan's Business College in Abilene.

Troye Wayne Sharpes is working for Dal Chemical at Lake Jackson, Texas.

Mrs. Woodrow Wesley was in Canyon on business Wednesday.

Mrs. J. W. Wesley and Mrs. Charles Sutton attended the Randall County Council in Canyon Tuesday.

Mrs. Albert Legate and daughter, Lucile Whitherald, were seen in Happy Saturday afternoon. They visited in Canyon Saturday night with Mrs. Legate's sisters, Mrs. Max Barnard and Mrs. Erma Mae Boyd. They visited Sunday in the parental Sutton home.

Charles Wilson is driving a taxi in Plainview. He expects to move his family this week-end.

Home Demonstration Club will meet Friday afternoon with Mrs. E. M. Wilson.

Mr. and Mrs. Coy Gene Amerson and children of Eloy, Ariz., visited Monday evening with the G. E. Wesleys and his sister, Lavena Amerson.

GOVERNMENT EMPLOYEES

Governments in this country — Federal, state and local — employ 15 per cent of all workers, pay 17 per cent of all personal income, make 38 per cent of all expenditures for new construction and equipment, and produce 20 per cent of the gross national product — the aggregate of goods and services.

Juan Rodriguez Cabrillo, Spanish explorer, was probably the first white man to see California, in 1542.

JOWELL H. D. CLUB MEETS

The Jowell Home Demonstration Club met in the home of Mrs. Bill Avent on Wednesday, July 6, at 2:30 p. m. Mrs. Jack Powell, president, led in reading the club prayer.

After the business meeting, an interesting program on state schools was given. Mrs. F. E. Culp discussed "Earliest Schools in Your Community." She pointed out that in the Sunny Hill community that school was held for a five month term starting in April and ending in August. There were other schools that followed this policy. Mrs. Avent discussed "Special Schools of Texas." Mrs. Les Raymond told of the "Earliest College and Founders."

Following the program refreshments of angel food cake and punch were served to Mesdames B. W. Roberson, Joe Fink, Ben Koch, Max Koch, Misses Patsy and Jean Robinson, Kay and Fay Avent, and Jimmy McDonald, visitors; and Mesdames Floyd Bonds, E. C. Robinson, Ray McDonald, J. C. Keeling, Jack Powell, Eugene Bonds, F. E. Culp, Les Raymond, Earl Davis and the hostess, members.

Funeral Held Thursday For Mrs. J. A. Hill

Funeral services for Mrs. J. A. Hill were held Thursday afternoon at the First Baptist Church, of which she was a member.

Burial services were conducted at Dreamland Cemetery by the Rev. Strauss Atkinson.

Pall bearers were Bryan McDonald, C. A. Murray, Ford Fronabarger, Mitchell Jones, James L. Russell, Tom Langston, Lewis Shirley.

Local ministers who assisted with the services were Rev. Winston Wilbanks, Rev. Win Matsler, Rev. Lester Hill and Bob Wear. Each choir in the community assisted with the music for the service.

Dr. Hill, husband of the deceased, and three children survive; Davis Hill of Galveston, Joe F. Hill of Columbus, Ohio, and Mrs. Lemore Hill of Borger; eight grandchildren and two great-grandchildren; one sister, Mrs. Falda Davis Shankin of Houston.

Mrs. Hill was born on March 1st, 1877. She was married to Dr. Hill in 1903. The family moved to Canyon in 1910 when the normal college was founded. Dr. Hill was a member of the faculty until 1920 when he became President and served in this capacity until relieved by Dr. James P. Cornette. During this time Mrs. Hill served as President of the Texas Federation of Womens Club, and a member of the Book Club in Canyon.

She was an outstanding wife and mother during her long residence in this community.

'Do It Yourself' May Be Pushed Altogether Too Far

AUSTIN: The present trend to "do it yourself" results in a lot of happy hobbyists but "do it yourself" in case of illness is foolish and dangerous, declared Dr. Henry A. Holle, Commissioner of Health. Too many of our citizens, when indisposed, jump at conclusions as to what is wrong with them and go to the drug store for a bottle of advertised medicine.

This ignoring of the existence of physicians and relying upon self-diagnosis is a bad gamble with ill health. For these persons, for all practical purposes, have isolated themselves as far as medical service is concerned.

In fact, they persist in this ignorant or careless complacency until they become acutely ill, when at last they call for professional medical service — which frequently is too late.

It is indeed too bad that so many persons deliberately raise a barrier between themselves and the family physician. Considering him only as supplementary aid when the situation gets personally out of hand, there are literally thousands who through delay have made it impossible for medical science to render its best service and thus were penalized by a protracted illness, a chronic disease, or the premature termination of life.

It follows that many people, with great profit could surrender this "do it yourself" idea and appreciate the physician for what he really is. When his abilities are more generally given an opportunity to be applied early, when his advice on living habits is sought, and when he is considered as the only person to be relied upon to conserve health and treat illness, then, and then only, will the present remarkable service that medical science stands ready to give be afforded its maximum opportunity for good.

FUEL

The United States and the Soviet Union between them control one-half of the world's energy resources based on fuel and water power, according to the American Geographical Society. The United States, it is estimated, has 29 per cent of these resources, while the Soviet Union has 25 per cent.

The National Probation and Parole Association was recently told that prisons were riddled by politics and corruption and, as such, threatened the national social system.

First daily newspaper in the U. S. was the "Pennsylvania Packet and General Advertiser," Philadelphia, Sept. 1784.

WESLEYAN SERVICE GUILD MEETS IN J. L. GILMORE HOME

The Wesleyan Service Guild met Tuesday evening, July 5, in the home of Mrs. J. L. Gilmore.

The president, Mrs. E. J. Larson, stressed the inspiration and pleasure to be derived from the Guild Week-End Retreat at Ceta Canyon July 23-24. The theme of the program is "to pray, to serve, to give." Rev. Lee Chucto, and his wife and daughter of Okmulgee, Okla., will be the principal program guests. Rev. Chucto is district superintendent in the Indian Mission Conference of Oklahoma. Seven of the group present indicated their intention of attending.

Mrs. Larson conducted an Officers' Training period, an enlightening session for all present. Miss Faye Oatis was in charge of the program, "When Saw We Thee a Stranger?" At the conclusion of the program, Mrs. H. H. Johnson presented to Mrs. Larson on behalf of the Guild a life membership pin and certificate, honoring her for her untiring efforts in making the work of the Guild meaningful to the members, and in making the Canyon Guild one of the outstanding chapters of the Amarillo Conference.

Mrs. Gilmore served a salad plate to the following: Mesdames Larson, Johnson, R. L. Boling, Gladys Haines, Rae M. Walters, Fred Scott, Alfred Hamblen, Joe Winstead, Olga Seales, Allene Hunter, and Miss Oatis.

Umbarger News

Mr. and Mrs. John Brandt and Mr. and Mrs. Dennis Brandt and family spent the week-end of the 4th visiting relatives in Las Cruces, N. M.

The Umbarger Blue Sox played the Olton team in Umbarger Sunday, the score was 9-8 in favor of Olton.

Mr. and Mrs. T. J. Rosson and family of Austin are visiting her parents, the John Brandts. Sunday evening, the Rossons, John Brandts, Dennis Brandts, and the Harry Birkenfelds, of Nazareth, were guests of the Jack Brandts for a supper in the back yard.

Mr. and Mrs. Lee Westhoff from Plainview visited Mr. and Mrs. Westhoff on Sunday.

Exchanging visits were Mary Phyllis Beckman with Peggy Albracht, Joan and Peggy Haschke with Mary Albracht, Catherine Westhoff with Suzy Raef, and Billy Albracht with Mike Raef.

Mr. and Mrs. Scott Miller from Amarillo and Mr. and Mrs. Carl Hartman, Jr., were Sunday guests in the Carl Hartman, Sr., home.

TO ALL FRIENDS EVERYWHERE

Since it is impossible to thank personally all who ministered to us and to our loved one through her last illness, we take this method of expressing our abiding gratitude to each and everyone of you. Surely there is no more solidly Christian community anywhere than Canyon. It seems to us that it is full of good Samaritans. Your unreserved kindness, extended to us in such volume, has created within us a feeling of humility and gratitude we had never before experienced. The loss of the heart of our home is in part counterbalanced by richer spiritual understanding and a better sense of values. May God bless each of you according to your needs! J. Davis Hill and family, Joseph F. Hill and family, Marion Ethel Hill and family, J. A. Hill.

Church To Hold Early Services

Beginning July 17th the Canyon Presbyterian Church will conduct Sunday morning worship service at 9 o'clock in the morning instead of the usual 11 o'clock hour. The Rev. T. Winston Wilbanks said there would be no 11 o'clock service.

Sunday School classes will be conducted at their regular times, 9:45, or as near thereafter as possible. Rev. Wilbanks said the Sunday School program would be confined mostly to class work so that dismissal could occur at 10:30 or shortly thereafter.

The program will continue until Sept. 4. Everyone is invited to attend the services.

RANDALL COUNTY SINGING

Randall County Annual All Day Singing will be held at Fairview Sunday, July 17. There will be singing all day with dinner served at noon. Everyone is invited to attend.

MADISON DAUGHERTY

Gossett-Johnson Rites Read in Clayton, N. M.

On July 2 in the First Baptist Church in Clayton, N. M., Gayle Gossett, daughter of the late Mr. and Mrs. Hollis Gossett of Clayton, became the bride of Dwaine A. Johnson, son of Mr. and Mrs. H. H. Johnson of Canyon.

Rev. E. J. Kearnwy of Clayton read the double ring ceremony in the presence of the immediate families and a few close friends.

Preceding and during the ceremony organ music was played by Miss Loyce Cox of Clayton.

Miss Dora Lee Gossett, sister of the bride, acted as bridesmaid and Quinton Johnson, brother of the groom, was best man.

Escorted to the altar and given in marriage by her uncle, Pope Gossett of Raton, N. M., the bride was attired in a two piece suit dress of white lace with which she wore a large picture hat and a lavender orchid corsage.

Immediately following the ceremony, Mrs. Pope Gossett, aunt of the bride, presided at a reception in the church parlors. The serving table was covered with a lace cloth and centered with a beautiful wedding cake. Coffee was served with the cake.

Out-of-town guests included Mr. and Mrs. Pope Gossett and Miss Barbara Gossett of Raton; Mrs. Marie Steffens of Texline; Mr. and Mrs. H. H. Johnson and sons, Quintin and Stanley, Mr. and Mrs. E. J. Larson and Velma Lynne, all of Canyon; Mr. and Mrs. Marvin Roark of Amarillo; and Mrs. Bob Barnard of Tulia.

After a short wedding trip to Santa Fe, N. M., the couple will be at home at 1913 Hughes in Amarillo where the groom is employed at Burrough Corp.

McNeil Ranch Is Scene of Picnic

The McNeil ranch near Wayside was the scene of a picnic last Friday evening, July 9. Approximately 225 persons attended this outing. There were out of town guests from Amarillo, Fritch, Hereford, Pampa, and the surrounding area around Canyon.

The picnic grounds were on the rim of the canyon which made a beautiful setting for the affair. There were many activities during the evening. The most energetic went mountain climbing or hiking, while others played volley ball, horseshoes, etc., then those that weren't so energetic just sat around and talked.

Each family brought a basket lunch, so there was food to spare. To top off the evening's refreshments there was home-made ice cream (all that could be eaten and then some) and cake. Everyone who attended this event seemed to enjoy it immensely and was highly appreciative of the hospitality shown by the McNeils.

Longhorn cattle were brought to Mexico by the Spaniards in 1521.

Houston is the largest city in Texas.

Lions Officers Installed Wed.

Clark Jarnagin, Canyon Lions Club President, and Clay Cooper, 2nd vice president, reported on their recent trip to Lions International held at Atlantic City, N. J., on June 21-25. Both men gave interesting reports on their trip.

The attendance at Lions International convention this year was the largest in its history. More than 11,579 clubs were represented. Clubs are located in 68 countries or regions throughout the world.

Bill Hunter of Amarillo, Deputy District Governor of the 2-T-1 district, installed the new officers of the club as follows:

Clark Jarnagin, president.

Clarence E. Thompson, 1st vice president.

Clay Cooper, 2nd vice president.
Bill Knighton, 3rd vice president.
W. E. Miller, secretary-treasurer.
Gene McGlasson, Lion tamer.
Rufus Graves, tail twister.
J. P. Taylor and R. B. Allen, directors.

Miss Catherine Koch, daughter of Mr. and Mrs. Ben Koch, and Miss Theresa Batenhorst, daughter of Mr. and Mrs. Raymond Batenhorst, left last week for Leadville, Colo., where Miss Koch will be bridesmaid at the wedding of Miss Janet McDonald, July 16. Miss Koch and Miss McDonald were roommates last year at St. Mary's College in Xavier, Kansas.

Mr. and Mrs. Barney J. Milner and children, Barney III and Marion, of Albuquerque, N. M.; Tommy Green of Montana, Mrs. J. B. Milner of Pine Bluff, Ark., and Morris Lester of Amarillo were Sunday visitors in the home of Larry Holman.

Mr. and Mrs. Wyatt Hester, Miss May Horn and Mrs. Grace Hester Bates of Lubbock with Mrs. Charles Rogers of Amarillo visited in the Silas Hart home over the week-end and attended the reunion of early students at West Texas State College.

Mr. and Mrs. Gerald A. Brown and two children will arrive today from San Francisco to join in a visit in the Harrison home. All of the children of Mrs. Harrison will be here for the first time in several years.

Mrs. Homer E. Rogers of Vernon, Mr. and Mrs. J. W. Lester and Aleta of Plainview, and Mr. and Mrs. Earl Lester of Lockney spent last Sunday in the Larry Holman home.

Earl Gene Peppard, Murrell Peppard, Shirley Peppard, and May Young of Santa Rosa, N. M., left this week for a visit with relatives in Watsonville, Calif.

Mrs. Fred Oberst spent a few days in Canyon last week visiting with relatives. She was enroute from California to her home in Maryland.

An uranium ore processing mill is to rise in Moab, Utah.

Pamphlet pictured above was issued on completion of the record-breaking railroad run by Death Valley Scotty from Los Angeles to Chicago 50 years ago (July 9-11, 1905). Walter P. Scott, legendary western showman, sped on a special Santa Fe train between those two cities in 44 hours and 54 minutes for the 2,267 mile journey, a mark which stood until the advent of Diesel locomotive power.

Fifty years ago this month, Santa Fe Railway and a legendary western showman named Walter Perry Scott made railroad history by running a special train from Los Angeles to Chicago in a record-breaking 44 hours and 54 minutes.

Scott, better known as "Death Valley Scotty," chartered the train which was known as the "Coyote Special," for $5,500, and special handling by the Santa Fe enabled him to clip 13 hours and two minutes off the previous record for the 2,267-mile journey.

This mark stood until the advent of Diesel locomotive power. "Scotty's" train consisted of a baggage car, a diner and a pullman-observation and was powered by the road's best steam locomotives manned by its top engineers.

Departing Los Angeles at 1 p.m. on July 9, 1905, the "Coyote Special" rolled into Chicago's Dearborn station at 11:54 a. m. on July 11.

Crowds lined the track night and day to see the train pass, and fast engine changes were made at every terminal.

Scott passed out $25 gold pieces to engine crews before the end of each division. Speed records fell hourly and the run was front page news throughout the nation.

Between Cameron and Surrey, in Illinois, the special covered the 2.8 miles in 95 seconds for a world record of 106 miles per hour. In the same territory, the train covered 105 miles between Fort Madison and Chillicothe in 101 minutes.

On the strength ot the run, Death Valley Scotty became as well known as Buffalo Bill, in whose show he had worked before turning to prospecting in California and Nevada around the turn of the century.

With the backing of a wealthy Chicago insurance man, Albert Mussey Johnson, he later built Scotty's castle, a huge $3,000,000 stone mansion now managed by a religious organization as a hotel for Death Valley sightseers . . . Scotty died on January 5, 1954, in the castle. He was 81 years old.

What Is Count On Population

A lot of local citizens have been confused by the count of population being announced by various big towns and cities of the nation. The matter of a few thousand souls is not considered worthwhile, except as a subject of count.

The matter of a few hundred persons means more to Canyon and other small towns spread over the nation.

When the census was taken, a lot of folks in Canyon declared that the number should have been 5,000 persons instead of 4,364.

Well, the government has finally taken up the matter of count for 1955, and will start on July 18 making a "population survey" with the view of settling all of the arguments. Mrs. Geraldine Hardwick of Amarillo is in charge of this "survey."

The Senate has given final Congressional approval to a three year extension of the reciprocal trade program with certain new protectionist features.

There are more than 1500 paintings by various tribes of the Nomadic Indians, scattered for a half mile along the Concho River in Texas.

News In Canyon 25 Years Ago

(Taken from the files of The Canyon News of July 10, 1930)

Pat M. Neff, former governor but now chairman of the Railroad Commission, spoke at the college.

J. Evetts Haley was defendant in a suit filed in federal court in Lubbock by persons who took exception to statements he made in the XIT history. Haley is now on the faculty of the University of Texas.

A. H. Hunt bought the Hokus-Pokus Grocery from R. A. Bellah and son, Alfred Bellah.

Total postal receipts for the past year amounted to $18,309.84, which is an increase of $1,084.59 for the year.

The Chamber of Commerce will sponsor a trip to the Palo Duro Canyon next Sunday. Land owners will open the gates at 12 noon until 6 p. m.

Clyde Warwick reported to the Canyon Rotary Club on his trip to the Silver Anniversary meeting held in Chicago.

Work will start in September to build the first unit of the Museum.

Deposits in the First National Bank totaled $519,565.50; and in the First State Bank $319,705.46.

WATCH 'THEIR' PLANT BURN

Corinth, Miss. — While Mr. and Mrs. Douglas Cochran were attending a drive-in movie, they saw flames shoot across the sky and, for nearly a half hour, they divided their attention between the screen and the distant fire. When they left the movie, they found that the fire was their woodworking plant—the Douglas Cochran Co. Damages were estimated at $25,000.

BEES BUZZ IN BOX

Washington, D. C. — For some reason a swarm of bees like the call-box on McKinley street near Broad Branch road. Again this year, police have been informed that "about 50 bees were on the outside of the box, and probably 500 inside." Authorities had to call on someone who could handle bees to remove the insects from the box—just like they had to do last year.

GI FARM LOANS

A new law makes it easier for World War II and Korean conflict veterans to purchase farms on which there is a home, or to construct or improve farmhouses. The law increases the Veterans Administration guaranty of GI farm loans made by private lenders to 60 per cent of the loan, with a maximum guaranty of $7,500. World War II veterans have until July 25, 1957, to use the GI loan benefits, while Korean conflict veterans have until January 31, 1965.

JAP WAR DEBT

The Transportation Ministry of Japan plans to begin work on raising sunken ships in Manila and Cebu harbors as part of Japan's war reparations debt to the Philippines. They plan to raise 40 merchant ships totaling some 153,000 gross tons and six warships totaling 18,000 tons in Manila Bay and 11 merchant ships of some 9,700 tons in Cebu Bay. The job which is expected to take about two and a half years, will cost an estimated $6 million.

In 1232 A. D., Genghis Khan's son, Ogdai, used rockets as a "secret weapon" in an attack on the Tartar city of Kaifeng.

The Leaning Tower of Pisa leans more than 16 feet out of the perpendicular.

WHO Knows

1. How much land does the U. S. Government own?
2. How many people in the U. S. are covered by some form of health insurance?
3. How often does Old Faithful, the geyser in Yellowstone National Park, spout?
4. How long did it take to build the Shasta Dam?
5. What state is known as the "Mother of Presidents?"
6. Where is the oldest Lutheran church in America?
7. Did John Foster Dulles attend the organizational meeting of the United Nations in 1945?
8. Name the largest and most populous country in South America?
9. What country produces most of the uranium used by the U. S.?
10. Where does the uranium come from?

The Answers . . .

1. An estimated 472,000,000 acres.
2. About 60 per cent.
3. An average one in every 62.2 minutes.
4. 12 years.
5. Virginia — 8 Presidents of the United States were born in that State.
6. The Augustus Lutheran Church in Trappe, Pa., is reputed to be the oldest unaltered Lutheran church building in America, built in 1743.
7. Yes — as an adviser to the then Secretary of State Edward R. Stettinius, Jr.
8. Brazil.
9. Belgium.
10. The Belgian Congo, in Africa, which produces nearly 60 per cent of the world's uranium.

THEY TELL 'EM

American Sailor — Battleships, why the flagship of our navy is so big that the captain goes around the deck in his car.

British Sailor — You ought to see our flagship. Have a look at the kitchen. It's so large the cook has to go through the Irish stew in a submarine to see if the potatoes are cooked.

Signing of the Declaration of Independence took place in Independence Hall, Philadelphia.

How To Hold
FALSE TEETH
More Firmly in Place
Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

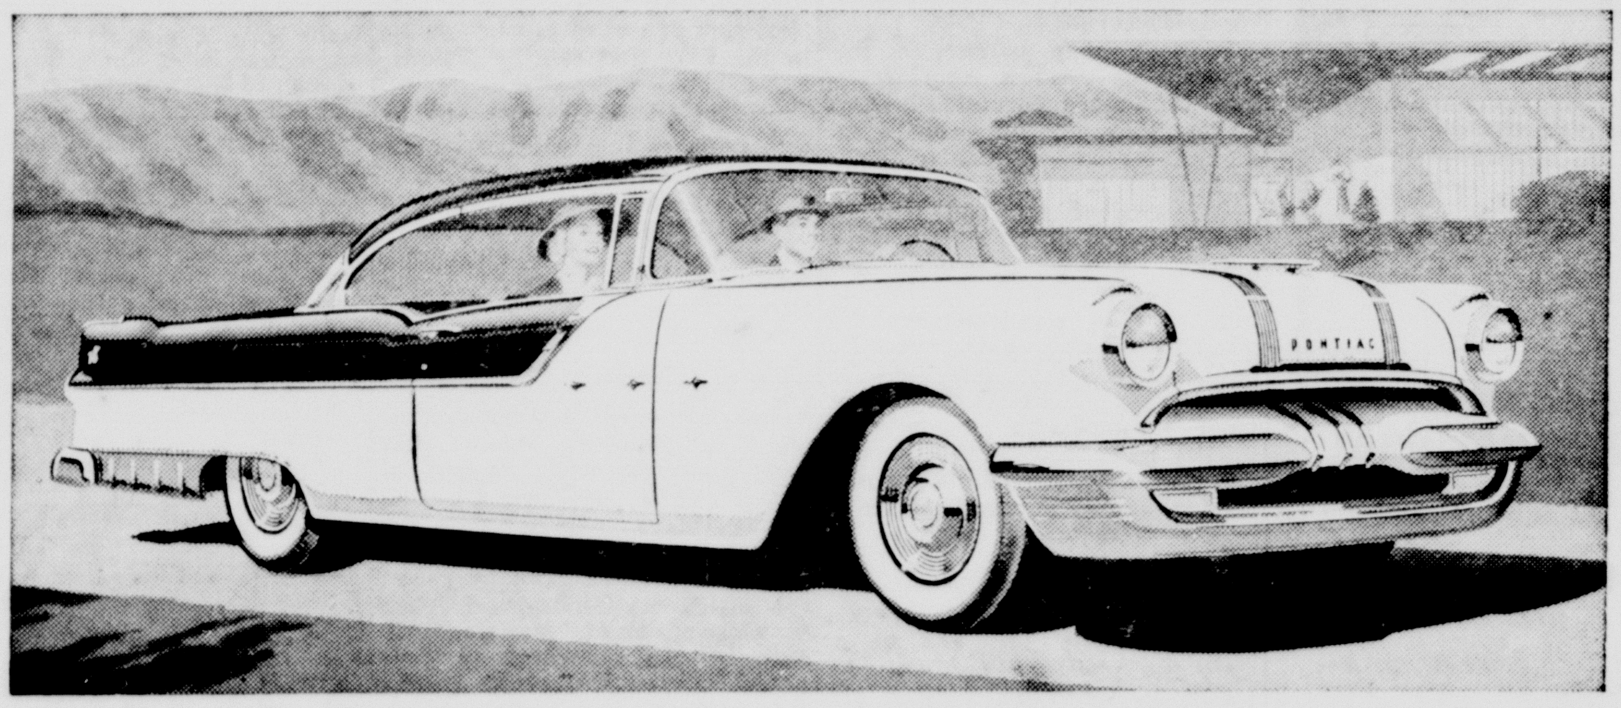
That Elusive Rainbow



No wonder this great '55 Pontiac is setting all-time sales records!

It's bigger, smarter and more powerful than any other car at anything like the price!

A sales success like Pontiac's starts on the drawing boards—with engineers and designers who have been schooled for years in the Pontiac idea of giving more people more car for less money.

With its long 122" or 124" wheelbase and extra, big-car heft, Pontiac provides road-hugging comfort you get in no other car near it in price!

Now take this big, roomy car and surround it with the distinction of Twin-Streak styling and Vogue Two-Toning—beauty that obviously is calling the turn on the future—and you have another reason for Pontiac's phenomenal sales success.

That alone would be enough for most cars—but not for Pontiac!

Pontiac corners the market on value with the most powerful engine within hundreds of dollars of its price. The sensational 200-horsepower Strato-Streak V-8 with four-barrel carburetor* is the most modern power you can buy. You're on even terms with anything on the road—and you enjoy the greatest economy and dependability in Pontiac history.

If by now you're thinking "This is what I've wanted all along!", we suggest you stop in and talk dollars and cents. That's when you'll get the final reason for Pontiac's record popularity—the fact that you can fit a big, powerful, future-fashioned Pontiac into any new-car budget!

You'll never find it easier to get into the fine-car class than right now! *Low extra cost option

I GIVE YOU TEXAS

By
BOYCE HOUSE

Back in 1924, I was editor of the Cisco Daily News and my good friend, the late E. H. Whitehead, assistant high school football coach, did some spare-time reporting.

News was rather scarce. One night there was a burglary, and, a few nights later, another. So Whitehead linked the two as the work of one man and gave him the name of Burglar Bill.

There was a whole series of robberies and the News soon had the town jittery about Burglar Bill.

The publisher of the News had lived in Cisco only a short while. One morning when Whitehead didn't have time to bring his news writeups to the office before going to school, he left the front door unlocked and the publisher volunteered to go out to Whitehead's house and bring the news items to me.

When the publisher came out of the house and started to get in his car, two officers drove up and placed him under arrest. A neighbor had seen him go into the house and figured he was Burglar Bill. The suspect protested vigorously but was escorted to the police station. There, he established his identity and was set free.

And when he got back to the News office, he gave the editor these instructions:

"No more stories in the paper about Burglar Bill!"

Add to the list of things that irk me:

For a man to wait patiently in an office for half an hour to see an executive, at last go in and hardly start explaining his proposition when the phone rings and the executive talks for 10 minutes and by that time has forgotten what the visitor had told him. So the visitor starts over—and the phone rings again and another 10-minute conversation follows.

I think that when a man calls in person and waits his turn, he is entitled to the courtesy of being given precedence over just anybody who exerts only enough energy to take the receiver off the hook and dial a number.

There are two tombs of the Unknown Soldier—one in Washington, D. C., and one at Fort Worth, Texas.

DON'T SUFFER LONGER FROM ITCHING SKIN! IN JUST 15 MINUTES,

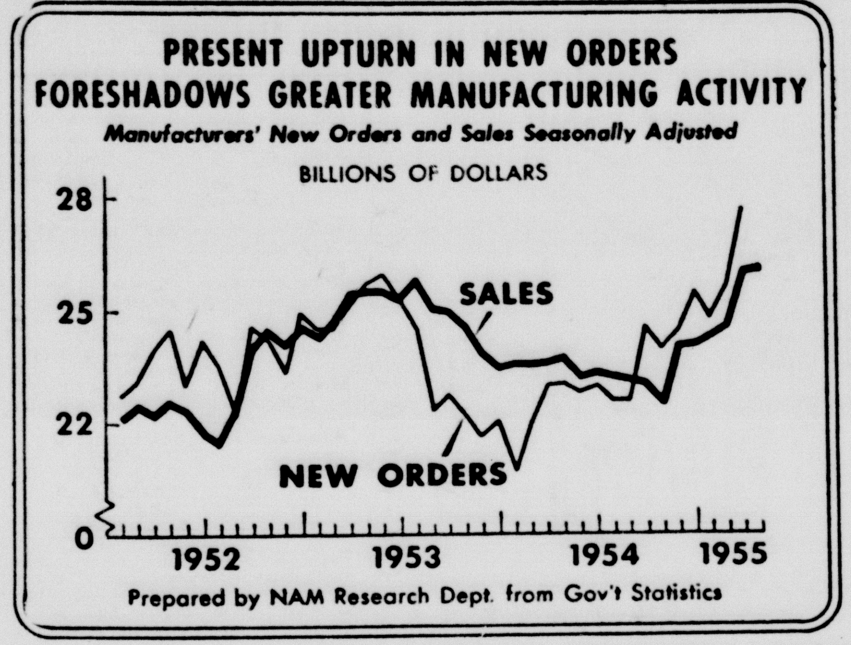
Sales, New Orders Now Turning Up



Prepared by NAM Research Dept. from Gov't Statistics

The volume of new orders from customers probably is the most important factor determining the rate of activity in manufacturing.

Yet in recent years there have been significant differences in timing as between current sales and the receipt of new orders, some of which may not be delivered immediately.

In the first seven months of 1952 the rate at which new orders were being booked by manufacturers exceeded the rate of sales. In other words, a backlog of orders on the books was being built up.

In late 1952 and early 1953, while sales and new orders were both still increasing, sales were keeping pace with new orders. This means manufacturers were not accumulating additional backlogs of unfilled orders.

The rate at which orders were coming in dropped after May, 1953, and sales reached their peak in July of that year. A significant fact about the ensuing period is that new orders dropped considerably faster than sales. In late 1953, and most of 1954, new orders were not coming in as fast as current sales were being delivered. Industry, to a considerable extent, was living off the accumulation of orders.

The rate at which new orders were being booked turned up after January, 1954. Sales, however, continued their downtrend and did not reach their low point until October, 1954.

Since the last quarter of 1954 sales and new orders have been moving generally upward. It is especially encouraging that the volume of new orders exceeds the volume of current sales, thus providing a stimulus to future activity.

Bishop W. C. Martin To World Council

DALLAS: Texas Methodists will be represented at a meeting of the Central Committee of the World Council of Churches at Davos, Switzerland, near Zurich, Aug. 2-9, by Bishop William C. Martin, presiding bishop of the Dallas-Fort Worth area of The Methodist Church and past president of the Council of Methodist Bishops and the National Council of Churches of Christ in the United States of America.

At recent sessions of the three conferences in the Dallas - Fort Worth area, Central Texas, North Texas and Northwest Texas, Mrs. Martin was presented funds to make the trip with her husband. They will sail from New York City on Wednesday, July 13.

Bishop Martin was named to membership on the committee of about 90 persons at the Evanston, Ill., World Council of Churches meeting in 1954.

This will be the first longer meeting of the Central Committee since it was named, and it will consider next steps to be taken by the council in the light of decisions reached at the Evanston assembly.

This meeting will follow sessions of working committees of the departments and divisions and will have their proposals on the agenda, along with basic issues concerning the life of the council itself.

Theme for the central committee is "The implications of Christian unity for inter-church aid and for assistance to under-developed countries." One of the topics will be the various meanings of unity and the kind of unity the World Council seeks to promote. Special attention will be given to the aid that is needed by the younger churches.

Bishop Martin will confer with Bishop Ferdinand Sigg in Switzerland, who will suggest places that can be visited to best advantage. Bishop Martin said that he expected to visit as many of the Methodist mission stations as possible and will tour France, Germany, Italy and North Africa. Bishop and Mrs. Martin plan to return to Dallas about Sept. 15.

VIGO PARK, WAYSIDE YOUTH ARE ENTERTAINED AT SOCIAL

Rev. and Mrs. Joe Leatherwood entertained the Vigo Park and Wayside youth with an ice cream social Thursday night at the parsonage at Vigo Park.

Those attending from Wayside were George Alexandra, Dale Bible, Robert Kennedy, Jack McGehee, Mary Kate Denny, Patsy Schrib, Mary Scroggins, Darral Watson, Polly Cummins, Sandra Tuggle, and their Sunday School teacher, Mrs. Melton McGehee. Ice cream and cake were served to the group.

Samuel Butler wrote "The souls of women are so small, that some believe they've none at all."

Women now own nearly $50 billion of life insurance.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

In view of debate over imports of cheap foreign goods, Federal Trade Commission has just ended most interesting case.

* * *

C. W. Harder

In a majority report written by Commissioner Robert Secrest, Standard Sewing Equipment Corp., importers of Jap sewing machines, is ordered to more prominently identify the machines as Japanese; to use the name of their company in conjunction with the name of Universal they employ.

* * *

In brief, FTC majority found wily Orientals deceiving U. S. consumers. Even some FTC commissioners were confused.

* * *

The machines carried a 1½ x 1 inch gold colored medallion. On bottom of this gold medallion, stamped in gold letters 1/16th of an inch high, smaller than this newspaper type, was the word Japan. But in three other places in half inch letters the name "Universal" was in gold on black background as was legend "Reg. U. S. Patent Office.

* * *

In a masterfully done majority report, Commissioner Secrest stated investigations found U. S. people prefer to buy U. S. made sewing machines. Of 23 buyers of this Jap machine contacted by FTC, only one knew it was Jap machine. It was also found medallion carrying tiny word Japan was easily removed. In fact, only 4 of 23 machines owned by interviewed buyers had this item attached when bought.

* * *

In addition, great play was made on brand name "Universal", which is name of very high quality household appliances made by a most reputable U. S. firm, Landers, Frary and Clark. Some buyers were of opinion this firm made the sewing machine and bought on the reputation of Universal appliances.

* * *

Comm. Lowell Mason took stand as long as marketing satisfied U. S. Custom service, FTC should not interfere. But Comm. Secrest's report pointed out inadequate Congressional law only requires Customs service to make sure foreign goods bears name of nation and origin, does not require such markings be conspicuous. While Chairman Edward Howrey went along with majority report, he again ran danger of splinters by sitting on fence and squirming.

* * *

But comic opera touch was afforded by Comm. John Gwynne whose written minority report qualifies him as either most naive, or a great humorist.

* * *

In his dissent he wrote that although the importer and 5 out of 7 dealers failed to mention Jap origin in advertising machine, and although the instruction book accompanying each machine did not note this fact, he, Comm. Gwynne "did not believe this can be called deception." He also noted machines had U. S. made motors stamped with legend "Made in U.S.A." But he comments element of deception on this score is not really clear.

* * *

But despite these comic asides, FTC majority did an excellent, thorough job. For one thing, without actually stating it, their findings gave a clear idea on Japanese idea of "free trade."

* * *

Because it strongly appears wily sons of Nippon think term "free trade" currently touted in Washington not only leaves them free to flood U. S. with goods made with 19 cent an hour labor but also free to fool American consumers.

© National Federation of Independent Business

Members of Murray Class Have Salad Supper at City Club

A salad supper was enjoyed by 21 members and three guests at the Canyon City Club Friday evening of the Murray Class.

Members who were present were Mesdames Larry Holman, Robert Busteed, Marshall Rockwell, Jr., Jack Downing, Floyd Moore, Felix Pierce, Wilford Taylor, Jr., Gladys Haines, E. J. Larson, S. L. Johnston, Lewell Johnston, Bob Boling, Flora Phillips, Irene Ball, L. E. Gum, Alfred Bellah, Otto Samuelson, O. W. Parker, Jr., Delbert Lowes, Curtis Samples and Iverson Leake.

Guests were Rev. and Mrs. Lester Hill and Mrs. B. J. Milner of Pine Bluff, Ark.

After the salad supper there were dessert refreshments of home made ice cream, cheese crackers, whole wheat crackers and ice tea served to members and guests.

WAYSIDE H. D. CLUB MEETS TO STUDY GLASS PAINTING

The Wayside Home Demonstration Club met at the church Thursday afternoon at 2:30. Mrs. Melton McGehee presided in the absence of the president and vice-president. Mrs. E. J. Mahler offered the prayer; the secretary read the minutes of the last meeting and called the roll.

Mrs. Floyd Adams gave a good talk on the origin of transparent painting on glass; also gave a demonstration.

Several women finished their pictures. It was decided to have another meeting of the same kind in the near future.

Refreshments were served to Mesdames Melton McGehee, W. R. Franklin, Floyd Adams, Henry Hamblen, E. J. Mahler, C. D. Rogers, Paul Wetzel, A. J. Newsom, James Bible, Robert Adams, Aaron Cummins, Bessie Lane, Bill Allen, and visitors, Mesdames Ben May, Roy Dodson, and Lela Castleberry, Vigo Park; John Bible, Vincent Fowler, Willie Modisette, Loyd Whitten, Dewitt McGehee, Guy Watson, Patsy Schrib, Odessa Whitten, Polly Cummins and Carolyn Sue Franklin of Canyon, several children and the hostesses, Mrs. Bill Allen and Mrs. C. D. Rogers.

Mrs. Glenn Costley returned last Saturday from Montgomery, Ala., after having visited for two weeks in the home of Mr. and Mrs. H. O. Baker.

The Santa Gertrudis breed of cattle is a cross between the Brahma and Shorthorn.

Ketchup is a Malayan word.

Wayside News

Rev. Joe Leatherwood filled his regular appointments Sunday. Mrs. Leatherwood accompanied her husband.

Patsy Schrib and Mary Kate Denny of the Wayside Methodist Church attended the annual Methodist Youth Fellowship meeting at McMurry College in Abilene June 27-July 2. The girls gave a good Sunday evening service.

Second Lieutenant Jerry Buster and friend, Second Lieutenant Mike Fordy of Big Spring visited over last week-end with Jerry's grandmother, Mrs. Fannie Stevens. Mr. and Mrs. Eddie Dickerson and Mark also visited Mrs. Stevens last week-end. Mrs. Dickerson will be remembered as Volene Buster and is a sister of Jerry and granddaughter of Mrs. Stevens. Their home is in Oklahoma City.

Mr. and Mrs. Bill Heisler and Frances attended a family reunion last Sunday at Frederick, Okla.

Mrs. Ira Schrib and Nancy and Mrs. Charles Kennedy were Tulia shoppers last Tuesday.

Leah Beth Franklin of the Union Hill community is visiting her grandparents, Mr. and Mrs. E. C. Franklin.

Mrs. M. L. Monroe of Plainview visited in the E. C. Franklin home last Sunday. The women are sisters.

Mr. and Mrs. W. R. Franklin and granddaughter, Carolyn Sue Franklin, of Canyon attended the 4th of July picnic at Clarendon last Monday. They spent that night in the William Payne home in Clarendon.

Mr. and Mrs. Leroy Roberts, Princess and Deltah, attended the funeral of Mrs. J. A. Hill in Canyon Thursday afternoon.

Mr. and Mrs. E. V. Fowler, Lynn, Annie, Curtis and Kathy, have lately moved in the community and have employment on the R. L. Grigsby farm.

Mrs. Jim Sluder and Dale of Happy were supper guests in the W. R. Franklin home Friday evening.

LIGHTNING STRIKES TWICE

Whitney Point, N. Y. — A few minutes after a lightning bolt struck the house of Augie Tappan in New York, damaging several timbers in the attic and blacking out his TV set, he received a phone call, informing him that a concession stand he owned about 15 miles from his home had been smashed by another shaft of lightning and had blown away.

More than three quarters of a million acres are encompassed in Texas State and National parks.

Maine has 2,465 lakes.
